

VALOR ESTATE LIMITED
(formerly known as D B Realty Limited)

TRANSFORMING LANDSCAPES FOR A BETTER, ENRICHING FUTURE

ANNUAL REPORT 2023-2024

DEAR SHAREHOLDERS

Dear Shareholders,

Indian real estate market has long been a cornerstone of the nation's economic growth, contributing significantly to the GDP. Despite facing headwinds in recent years, like liquidity crunch, regulatory reforms, and the COVID-19 pandemic, the sector has shown resilience and adaptability. In 2023, the market witnessed a gradual recovery, fuelled by pent-up demand, favourable government policies, and increased digital adoption.

The Indian economy growth remained robust, defying global challenges, and is expected to continue to grow at about 6.5% p.a. in the coming two fiscals as per Deloitte's India Economic Outlook report. This positions India as one of the fastest-growing economies globally.

The Indian real estate market attracts not only local demand, but also seen as a global investment opportunities. NRIs, in particular, are actively participating in the market, not just as investors, but as a way to stay connected with their motherland. As of the fiscal year 2019-2020, NRIs accounted for about 10% of the total investments in the market. This figure has now grown to about 15% and is projected to be at 20% by the end of the year 2025, underscoring the real estate market's global appeal and trust from the NRI community.

Upward trend in Indian real estate

The upward trend in the Indian real estate sector is not random but a testament to its resilience. Despite the sustained depreciation of the Indian rupee and the global economic challenges, the sector has maintained a steady increase in rental yield. Favorable economic policies and an emotional connection with the home country have fuelled the sector's growth, instilling confidence in its stability and potential.

Real estate sector in 2024

The Indian real estate sector has shown significant growth in recent years. While 2023 was the year with the highest number of new project announcements in the last decade, the first quarter of 2024 surpassed almost all records of the previous year. In 2024, the residential real estate market is expecting a strong influx of new launches, with an estimated range of 280,000-290,000 units, as per a report. This has set a good path for 2024, which shows that the sector is not only rising but also promising further growth in the coming years.

The real estate market in India offers something for every type of investor out there. The general Indian economy shows encouraging indicators, including a rebound from the current stock market fall, a predicted increase in the creation of new employment opportunities, and overall growth.

Our performance and plans

Your Company has primarily focused on real estate development but ventured into the hotel/hospitality sector during FY 2023-24 by acquiring five-star hotels like Hotel Grand Hyatt in Goa and Hotel Hilton at Mumbai International Airport. We are also developing Marriott Marquis and St. Regis at Aerocity, New Delhi in a 50:50 joint venture with Prestige Group. Consequently, we now operate in both real estate and hospitality sectors. Subject to statutory approvals, the Company also intends to demerge the hospitality business to unlock the value of the hospitality business for the Company's shareholders. It will also allow for a differentiated strategy for the real estate and hospitality businesses in terms of capital allocation, project management, operations, and risk management. Upon the demerger, the Resulting Company (i.e. hospitality business) will be listed on the BSE Limited and the National Stock Exchange of India Limited and the shareholders of the Company will hold shares in proportion to their shareholding in the Company.

During the FY 2023-24, all pending Convertible Warrants issued to Promoters and Investors were converted into equity shares, raising approximately Rs. 751 crores. This capital was utilised for debt repayment and working capital requirements. Furthermore, your Company also raised Rs. 920.20 crores through Qualified Institutions Placement (QIP). The Company got an overwhelming response to the said QIP and was successful in attracting marquee investors to participate in the aforesaid QIP.

During the financial year 2023-24, the Company / its WOS executed Agreements for transfer of its entire stake in Prestige (BKC) Realtors Pvt Ltd., joint venture between the Company and subsidiary of Prestige Group executing "BKC 101" Project at Bandra Kurla Complex, Mumbai. Post-sale of aforesaid shares, the Company/ its WOS ceased to hold shares in the said Joint Venture. Under the agreements, the Company has option to acquire 4.57 lakh sqft carpet area on terms and conditions contained therein.

The Company also executed agreements for transfer of its entire 50% rights, interest and share in Turf Estate Joint Venture LLP, joint venture between the Company and subsidiary of Prestige group executing "Liberty Tower Project" at Dr. E. Moses Road, Mahalaxmi, Mumbai. Post transfer of partnership interest, the Company/ its WOS ceased to hold stake in the said joint venture. Under the agreements, the Company has option to acquire 6.70 lakh sqft carpet area on terms and conditions contained therein.

Additionally, the Company disposed off stake in Real Gem Buildtech Private Limited to Kingmaker Developers Private Limited, generating considerable free cash flow. The Promoter Group sold part of their holding in shares and reinvested this into the Company, enabling us to pay off all debt by the end of FY 2023-24.

Our Company is placed amongst the top 10 capitalized Real Estate companies in India and has very low debt-to-equity ratio. The Company is also looking to build a large annuity portfolio and by 2028 is expected to have more than 2.00 million sq. ft. of prime leasable office space in Mumbai CBD under its ownership.

Reflecting our commitment to collaborative growth involving all stakeholders beyond founding promoters, we rebranded from "D B Realty Limited" to "Valor Estate Limited" effective from 8th March 2024.

In the ongoing strategic overhaul process, the Company is keen on unlocking the value of its substantial land holdings spread over more than 600 acres prime land mostly situated in MMR and materialise pursuing the joint venture/joint development approach for its ongoing and upcoming projects in the immediate future.

We thank customers, shareholders, employees, and all stakeholders for their continued trust and support and for being an unshakable pillar of strength in our pursuit of relentless commitment to our core values. Together, let's take the real estate sector of India to unprecedented heights of growth and success.

ABOUT US

Valor Estate Ltd. (Formerly known as D B Realty Ltd.), ('Vel') was founded in 2007. Our growth story and legacy will be built on a strong reputation of excellence in residential and commercial developments.

We operate primarily in the Mumbai Metropolitan Region (MMR). Our core competencies include land aggregation, securing clear land titles, and property development in partnership with strong developers. Currently, there are approximately four ongoing joint venture residential projects and four owned residential projects with a cumulative saleable area of 15 million square feet. These projects have been executed on a revenue share or area share basis. In addition, there are several projects in the pipeline totaling approximately 13 million square feet at various stages of development.

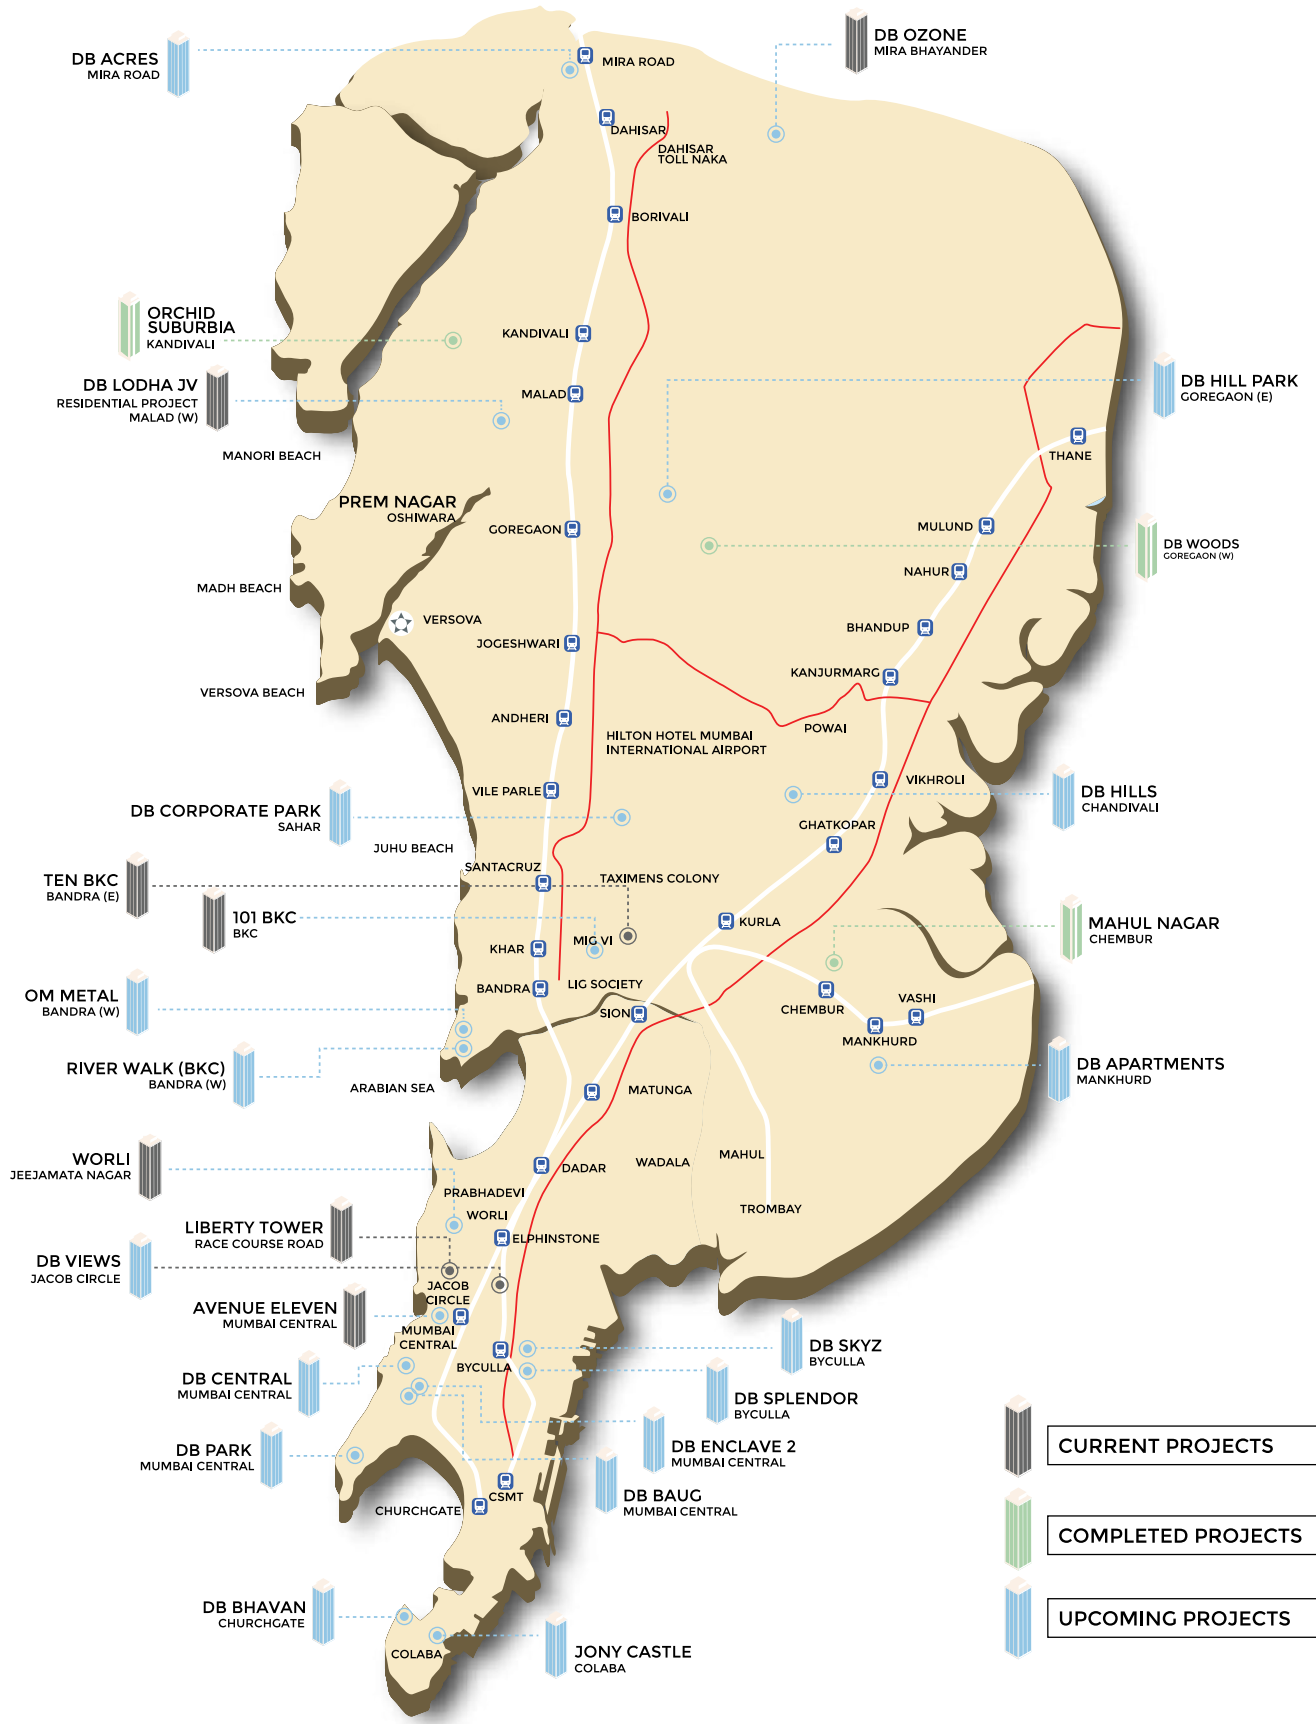

To mitigate the cyclical nature inherent in the residential segment, VEL is developing a portfolio of income-generating assets with the potential of 2 million square feet of commercial office assets under development in Mumbai and Delhi. In the coming financial year, a commercial project in Aerocity Delhi (a 50:50 JV) with approximately 0.6 million square feet of leasable space will be operational.

Apart from its real estate and commercial business, VEL also dwells its interest in hospitality segment. Its hospitality portfolio includes The Hilton, Mumbai (171 keys) and Grand Hyatt, Goa (313 keys). VEL also holds a 50% share in an upcoming hotel in Aerocity Delhi, which is currently under construction. This hotel will feature 779 keys and is anticipated to launch in Q3FY26. To unlock value for existing shareholders, VEL is demerging its hospitality business into a wholly owned subsidiary (WOS) of VEL, Advent Hotels International Pvt. Ltd. ('Advent') which will be listed on BSE and NSE post-demerger. Over the next five years, Advent aims to operationalize four large upper-upscale branded assets with about ~3,000 keys, in the hospitality micro-segments of Mumbai and Delhi with the first such opening expected in FY26.

With a notable and consistent track record of growth, customer satisfaction and innovation, Vel is known to execute challenging projects with efficiency, speed and confidence. And being backed by a highly experienced team of experts from diverse backgrounds only strengthens our ability to do so.

Going forward, Vel to continue changing the landscape with growth and sustainability; it is committed to being environment friendly. As we embark on the next phase of our journey, we remain resolute in our pursuit of excellence, innovation, and sustainable growth, all in preparation for scale.

Note: Figures of the previous year have been regrouped/ reclassified wherever necessary to conform to the presentation of the current year.

Nature of Business:

Till the last financial year, the Company was primarily engaged in Real Estate development activities. During the year 2023-24, the Company ventured into the hotel/hospitality business by entering into Share Purchase Agreements for (i) running/operating five-star luxury hotels viz Hotel Grand Hyatt, Goa, and Hotel Hilton at Mumbai International Airport and (ii) developing an under-construction project comprising of Marriott Marquis and St. Regis, at Aerocity, T3 Terminal, New Delhi. Thus, the Company is now engaging in both real estate and hospitality (hotel) business.

Corporate Restructuring:

During the quarter ended March, 2024, the Board of Directors of the Company approved in-principally the proposal to demerge the hospitality business to unlock the value of the hospitality business for the Company's shareholders, enabling a differentiated strategy to capture the huge potential of the Indian hospitality sector and attracting a distinct set of investors, partners, collaborators, and leadership talent focused on the hospitality business. It will also allow for a differentiated strategy for the real estate and hospitality businesses in terms of capital allocation, project management, operations, and risk management. Upon the demerger, the Resulting Company (i.e. hospitality business) will be listed on the BSE Limited and the National Stock Exchange of India Limited and the shareholders of the Company will hold shares in proportion to their shareholding in the Company.

VALOR ESTATE LIMITED *(Formerly known as D B Realty Limited)*

(Annual Report 2023 - 24)

Change in name of the Company:

To further drive its growth and create value for all stakeholders, the Company has gone beyond the founding promoters and expanded its shareholder base to include other non-promoter investors, who presently hold significant equity stakes in the Company. With its continued focus on collaborative growth, the Company felt that the name of the Company should now reflect the combined efforts and commitment of its expanded stakeholder base in addition to the founding promoters. "Valor" which indicates courage, determination, and strength, was chosen to represent these changed circumstances. Consequently, the name of the Company was changed from "D B Realty Limited" to "Valor Estate Limited" with effect from 8th March 2024 vide a fresh Certificate of Incorporation consequent to the change of name issued by the Ministry of Corporate Affairs.

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economy

The global economy is poised for a promising recovery, with the International Monetary Fund (IMF) projecting steady growth of 3.2% for both 2024 and 2025. Despite significant interest rate hikes by central banks aimed at curbing inflation, the economy has shown unexpected resilience, driven by strong private consumption. According to the IMF, growth in global economy is expected to be primarily fueled by Emerging Markets and Developing Economies, which are anticipated to continue to grow at 4.2% in 2024 and 2025, largely due to investments and expansion in the service sectors, particularly in South Asia.

Global inflation is forecasted to decrease from 6.8% in 2023 to 5.9% in 2024, and further to 4.5% in 2025. This gradual decline is attributed to effective monetary policies and reduced supply chain disruptions. Future economic trends suggest continued resilience and growth, bolstered by policy reforms and investments in technology and infrastructure. Moreover, the global emphasis on sustainability and green energy transitions is likely to open up new economic opportunities.

Indian Economy

In FY 2024, the Indian economy achieved robust growth with a GDP increase of 7.6%. This performance was fueled by strong domestic demand, proactive government policies, and positive trends across key sectors. The Index of Industrial Production (IIP) showed an upward trend, reflecting growth across various industrial sectors. Notably, the construction sector expanded by 10.7%, while the manufacturing sector grew by 8.5%, both significantly contributing to overall industrial growth and economic expansion.

Tax revenues also saw impressive results, with gross Goods and Services Tax (GST) revenues for March 2024 reaching ₹1.78 lakh crores, marking the second-highest collection ever and an 11.5% year-on-year increase. For FY 2024, total gross GST collections exceeded ₹20 lakh crores, underscoring the resilience of India's tax system and its role in revenue generation.

Retail inflation moderated, maintaining levels between 5-6% during FY 2024, according to Consumer Price Index (CPI) data. This stability in inflation rates provided a favorable environment for continued economic growth.

The Interim Budget for FY 2025 introduced several key initiatives aimed at furthering bolstering economic growth and development. Significant financial allocations were made towards capital expenditure with a focus on enhancing infrastructure, improving healthcare, advancing education, and supporting rural development. The extension of the Production-Linked Incentive (PLI) scheme to additional sectors, along with infrastructure investments, was expected to stimulate investment, invigorate the manufacturing sector, and generate employment opportunities.

Looking to the future, the economic outlook for India remains optimistic. The Reserve Bank of India (RBI) has projected a growth rate of 7% for FY 2025. This optimistic forecast is supported by several factors, including strong investment activity, a rebound in private consumption, and favorable trends across various sectors. The ongoing reforms and development initiatives are expected to sustain this growth momentum. With a focus on improving infrastructure, fostering innovation, and supporting sustainable development, India is well-positioned to maintain its upward economic trajectory and reinforce its position as a major player in the global economy.

Industry Overview

Indian Real Estate Sector

The Indian real estate sector has undergone profound transformations, propelled by a combination of factors including a thriving economy, rapid urbanization, and supportive government policies. Key initiatives such as affordable housing programs, smart city projects, and tax benefits on housing loans have played crucial roles in driving the sector's dynamic growth and ensuring its long-term sustainability. The Indian housing market continued its impressive momentum in 2023, with sales rising to 476,000 units in the top seven cities, up from 365,000 units in 2022, according to property consultant Anarock. This robust growth occurred despite the challenges posed by rising mortgage rates throughout the year. This upward trend underscores the persistent and fundamental demand for housing, which is largely driven by increasing per capita income. Although supply remained generally aligned with demand, the number of months of inventory continued to decrease due to the higher sales volume.

The real estate sector is a cornerstone of India's economic framework, acting as a significant driver of both economic expansion and employment. Its extensive linkages with around 250 ancillary industries underscore its importance in the broader economic ecosystem. Currently, the sector contributes approximately 7.3% to India's total economic output, translating to an impressive \$477 billion. Looking ahead, forecasts suggest that the sector is on track to reach \$5.8 trillion by 2047, thereby increasing its contribution to 15.5% of the total economic output. This anticipated growth highlights the sector's pivotal role in shaping India's economic future.

Several key factors have contributed to the ongoing expansion of the residential real estate market:

- **Policy Reforms:** The implementation of significant government reforms, such as the Real Estate (Regulation and Development) Act (RERA), has brought about a more transparent and regulated real estate environment. These reforms have not only increased market integrity but also enhanced consumer confidence, making the market more attractive to investors and homebuyers alike. Additionally, various housing schemes aimed at increasing affordable housing options have further stimulated market growth.
- **Increased Disposable Income:** Economic progress and the creation of better employment opportunities have led to an increase in disposable incomes for a substantial portion of the population. As more individuals experience financial growth, the ability to invest in residential properties has expanded, driving higher demand for real estate.
- **Rising Demand for Spacious Homes:** The evolving lifestyle preferences have significantly influenced the residential market. The demand for larger homes has surged, largely due to the growing need for home offices and recreational spaces. This trend reflects broader shifts in living standards and preferences, contributing to increased interest in spacious apartments and houses.
- **Rapid Urbanization:** India's rapid urbanization is another critical factor fueling the real estate boom. As large numbers of individuals migrate from rural areas to urban centers in search of better employment prospects and quality of life, the demand for residential properties in cities has soared. This migration trend underscores the shift from agriculture to service-oriented sectors and drives the need for expanded urban housing solutions.
- **Hospitality and Retail Development:** These segments of the real estate market are also experiencing notable growth. The increasing consumption needs of India's expanding population are driving demand for new hospitality and retail spaces. This growth reflects broader economic trends and consumer behaviors, contributing to a vibrant and evolving real estate landscape.
- Overall, these factors collectively underscore the robustness and dynamism of the Indian real estate market. As the sector continues to adapt and expand, it remains poised for sustained growth, driven by ongoing economic developments, policy initiatives, and shifting consumer preferences.

Mumbai Real Estate Market

As the financial capital of India, Mumbai features a vibrant real estate market fueled by its status as a major economic and commercial hub. The Mumbai Metropolitan Region (MMR) continues to dominate the residential real estate market by a significant margin. According to a research report by Anarock, MMR accounted for approximately 32% of the total absorption and around 35% of the supply in terms of units among the top seven cities in India. Given its higher capital values and profit margins, MMR is also the most lucrative market, contributing over 50% of the profit pool for the residential sector within these top cities. In 2023, MMR saw the absorption of more than 153,000 units, reflecting a robust growth of about 40% compared to the previous year. Additionally, new launches in the region reached 157,000 units, marking a 27% increase from the prior year. The accelerated demand led to a reduction in available inventory, with the months of sales decreasing from 20 at the end of 2022 to 16 by the end of 2023. Anarock notes that prices in MMR have grown at an 8% compound annual growth rate (CAGR) from 2020 to 2023, which is slightly below the average wage growth of 9-10%, thus fostering a sustainable demand environment.

MMR is currently undergoing a major infrastructure overhaul, which includes the development of a new airport, enhancements to the road network such as the coastal road, and an expanding metro connectivity. These improvements are anticipated to bolster MMR's position as India's economic powerhouse, drawing both investment and talent to the region. The housing industry in MMR is poised to benefit significantly from these developments, opening up new growth avenues. The region has become a preferred destination for offshoring by international banks, thanks to its thriving financial ecosystem and a substantial pool of high-quality BFSI (Banking, Financial Services, and Insurance) talent. With modern infrastructure, Mumbai remains one of the most coveted real estate destinations in the country, attracting both residents and businesses, generating a substantial number of high-paying job opportunities. Consequently, this will drive a surge in housing demand within the MMR.

OPPORTUNITIES

As India anticipates a surge in policy reforms, our Company remains confident that the demand for real estate in the country will continue to be robust over the medium to long term. Industry dynamics are anticipated to soften the effects of cyclical fluctuations and prolong the economic cycle.

Population Growth and Urbanization

India's expanding population and swift urbanization are key drivers of demand across residential, commercial, and retail real estate sectors. As individuals increasingly migrate to urban areas in pursuit of better opportunities, the need for housing and infrastructure development remains relentless. This ongoing shift presents a substantial market opportunity for real estate developers, who must address the growing demand for diverse real estate solutions in rapidly evolving cities.

Infrastructure Growth

Government initiatives and investments in infrastructure projects—such as roads, airports, and metro systems—play a crucial role in bolstering the growth of the real estate sector. Enhanced connectivity and upgraded infrastructure amenities significantly increase the appeal of real estate developments, driving demand across both residential and commercial segments. By improving access and convenience, these infrastructure advancements not only elevate the value of existing properties but also stimulate new real estate investments and development opportunities.

The Shift Toward Branded Developers

The consolidation of supply and demand in the real estate industry, driven by policy reforms, demonetization, and the IL&FS crisis, accelerated notably after the COVID-19 pandemic. With past economic challenges leading consumers to favor only a few well-established tier-1 developers, and lenders similarly preferring to finance these reputable firms, many unbranded developers have exited the market. This shift has allowed branded developers to capture a larger market share. According to Anarock Research, over 50% of new supply now comes from these branded developers. The strong brand reputation not only instills confidence in homebuyers making significant investments but also positions us as the preferred partner for landowners seeking development opportunities through Joint Development Agreements (JDAs). This trust from both consumers and landowners positions us to achieve growth rates above the industry average.

Government-Driven Growth in Housing and Infrastructure

Government programs like the Smart City Project and Pradhan Mantri Awas Yojana (PMAY) are pivotal in addressing India's housing shortages and advancing sustainable urban development. The Smart City Project focuses on transforming urban areas into smart, efficient, and environmentally friendly cities through modern infrastructure, technology, and improved public services. Similarly, PMAY aims to provide affordable housing to the urban poor and economically weaker sections by offering subsidies and financial assistance for home construction and purchase.

These initiatives not only address critical housing needs but also open up numerous opportunities for real estate developers. By participating in these infrastructure projects and affordable housing schemes, developers can engage in large-scale urban development projects that are aligned with government priorities. This involvement fosters sector growth, stimulates investment, and supports the creation of well-planned and sustainable urban environments.

Through these government-led efforts, developers can access new markets, benefit from various incentives, and contribute to national goals of improved living conditions and urban efficiency. The focus on smart infrastructure and affordable housing creates a dynamic environment for investment and development, driving overall growth in the real estate sector.

THREATS AND CHALLENGES

With the long term vision and mission your company is in a position to face every threats & challenges and also converting a every challenges in to a prospect opportunities which will contribute to the overall success of the company.

As the real estate industry is growing at pace its also faces some of the threats and challenges from the market which are listed below.

Regulatory Challenges

A highly regulated environment can create bureaucratic hurdles and increase compliance costs, complicating project execution and development processes.

Increased Manpower Costs

The rising wages and labor costs are significantly escalating overall expenses for real estate projects. As the demand for skilled labor grows and the cost of hiring experienced workers increases, developers face higher operational costs. This trend not only impacts the budget for individual projects but also compresses profit margins. The increased expenditure on manpower, combined with potential inefficiencies from a shortage of skilled workers, can lead to longer project timelines and higher final costs. These financial pressures can challenge profitability and require careful management to balance costs with project outcomes.

Escalating Costs in Construction

Fluctuations in material costs and shortages in skilled labour can contribute to high construction costs, impacting project economics.

Inflationary Pressure

Similar to the global trend, India experienced elevated inflation levels during this period. Factors such as supply chain disruptions, high fuel prices, and increased commodity costs contributed to inflationary pressures, affecting consumer purchasing power and business operations

Growth in Auxiliary Infrastructure Needs

The need for additional infrastructure to support new developments, such as roads, utilities, and public services, adds to the complexity and cost of projects. As new projects are planned and executed, the need for enhanced or additional infrastructure grows, leading to increased costs and complexity. Developers must invest in these supporting elements to ensure that new developments are accessible, functional, and sustainable. The demand for expanded infrastructure can also strain existing resources and require coordination with multiple stakeholders, further complicating project execution and increasing overall expenditures.

Deleveraging to have a strong balance sheet

Your Company on a standalone basis become debt free in FY 2023-24 driven by equity raising and sizeable asset monetization. The management is committed to maintain low levels of leverage and to have a sound credit quality. This will help to have a strong resilient balance sheet and will robust the financial performance of the Company with tremendous potential in the market to development projects and acquire new projects.

Business Overview

The Company remains committed for a high quality state-of-art construction and delivery of projects. During the year, the Company's outstanding Convertible Warrants were converted into equity shares whereby the Company raised capital of Rs. 751 crores. Based on the conversion option exercised by the Warrant Holders, all Warrants were converted into equity shares from time to time and the entire warrants were converted into equity during the current financial year. As strategized, the fund raised were utilised to reduce debt, to meet funding requirements of its various Projects of the Company/its subsidiaries/JVs or partnership firms (in which the Company is a partner), to meet working capital requirements, to strengthen financial position and for general corporate purposes.

During the year, the Company had also raised an amount of Rs. 920.20 crores through Qualified Institutions Placement (QIP) by fresh issue and allotment of 3,56,66,675 equity shares to domestic and global investors. The fund were raised as an additional growth capital for few identified projects of the Company/its subsidiaries/JVs or partnership firms (in which the Company is a partner) which are either at land clearance stage or are under construction and to reduce debt, to meet working capital requirements, to strengthen financial position and for general corporate purposes.

The raise of equity in the last two years reflect Company's strength and sound fundamentals.

The Company also ventured into Hospitality business during the year and acquired a portfolio of Hospitality assets which includes two operational hotels viz., The Hiton International Mumbai , a 171 keys located near to International Airport, Andheri , Grand Hyatt, Goa – a 5-star hotel located at Bambolin Beach, Goa and a hotel complex under joint venture with Prestige Estates located at DIAL District, Aerocity, New Delhi. The Hotel complex comprises of the St. Regis (189 keys) , Mariott Marquis (590 keys), a large conference facility of 2,00,000 sqft and approx. 6,15,000 sq. ft. of leasable office/business centre/F&B space titled as Prestige Trade Centre.

In March 2024, the Company approved, in principle, a proposal to demerge its hospitality business. This strategic move aims to unlock the value of the hospitality segment for shareholders by allowing for a more focused approach to harnessing the significant potential of the Indian hospitality sector. The demerger is intended to attract dedicated investors, partners, and collaborators, as well as specialized leadership talent, thereby enabling the company to pursue a distinct strategy tailored to the unique opportunities within the hospitality industry.

The Company also continues to look for strategic investment/ joint ventures/tie-ups for its various projects with reputed branded real estate developers. The company strategically exited several of its subsidiary investments, realizing overall gains from these divestments. It also opted for redemption of its various categories of preference share held in related party. Furthermore, the Company acquired new entities in relation to enhancing its footprints in Mumbai. The Company plans to monetize its extensive land bank by pursuing a Joint Venture (JV) or Joint Development (JD) approach for its current and forthcoming projects. This strategic route is expected to optimize the value of its land assets and facilitate the development of new projects.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members,

VALOR ESTATE LIMITED

(Formerly known as “D B REALTY LIMITED”)

7th Floor, Resham Bhavan, Veer Nariman Road,
Churchgate, Mumbai – 400020.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **VALOR ESTATE LIMITED (Formerly known as “D B REALTY LIMITED”)** (Hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the Audit period covering the Financial Year ended on March 31, 2024 (‘Audit Period’) generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on March 31, 2024 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 -- **Not Applicable as the Company has not issued Debt Securities during the Financial Year under review;**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 -- **Not Applicable as the Company has not delisted / proposed to delist its equity shares from any stock exchanges during the Financial Year under review;** and

(h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 -- **Not Applicable as the Company has not bought back / proposed to buy-back any of its securities during the Financial Year under review.**

(vi) For the other applicable laws :

We have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. The Acts, Laws and Regulations as specifically applicable to the Company out of the list of major head/groups as identified and confirmed by the management are given below--

- (i) Maharashtra Regional and Town Planning Act, 1966
- (ii) Development Control and Promotion Regulations- 2034 for Greater Mumbai
- (iii) Real Estate (Regulation and Development) Act, 2016 for all states as applicable
- (iv) Maharashtra Ownership Flats (Regulation of the Promotion, Construction, Sale, Management and Transfer) Act, 1963
- (v) Maharashtra Apartment Ownership Act, 1970

I further report that, for all the above laws, I rely on the Certificates given by Independent Consultants, Independent Professionals and Management/respective Department Heads and placed before the Board on quarterly basis and accepted by the Board of Directors in their respective Meetings.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above, to the extent applicable.

I further report that, the compliance by the Company of applicable financial laws, like direct and indirect tax law, has not been reviewed in this Audit since the same have been subject to review by statutory financial audit and other designated professionals.

I further report that, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
NEELKAMAL REALTORS TOWER PRIVATE LIMITED
07th Floor, Resham Bhavan,
Veer Nariman Road, Churchgate,
Mumbai – 400020.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **NEELKAMAL REALTORS TOWER PRIVATE LIMITED** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended on March 31, 2024 (‘Audit Period’) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on March 31, 2024 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

For operational hotels,

- The Company has tie-ups with authorized e-waste recyclers for safe and secure disposal. Furthermore, regular maintenance and service of electronic equipment is also undertaken to increase the lifespan.
- Hazardous waste is secured in safe containers and is disposed of through authorized waste disposal channels. Furthermore, kitchen oil and diesel generator oil is safely disposed of through certified vendors who specialize in such treatment.
- For all other waste, we have devised robust protocols, supported by our dedicated staff who ensure accurate segregation of waste based on composition. Upon segregation, all waste is sent to authorized agencies for proper disposal. Additionally, bins with proper partitions for recyclable and non-recyclable waste are provided.
- All waste from guest rooms is collected and stored in a designated garbage room. On collection, all waste is segregated based on composition and then sent for disposal to certified agencies. Wet waste generated is treated through our On-Site Waste Converter (OWC). Waste treated is thereafter used for gardening/landscaping purposes.
- All the electronic waste like LEDs, Drivers, spares etc. are stored separately in a designated area & is yearly sent to a authorized recycler who recycles the usable parts & disposes the non-usable parts in a safe manner.

STANDALONE FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To
**The Members of
Valor Estate Limited
(formerly known as D B Realty Limited)**
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Valor Estate Limited (formerly known as D B Realty Limited)** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the standalone financial statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, of the state of affairs of the Company as at March 31, 2024, its profit for the year, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

Emphasis of Matters

1. We draw attention to Note 50 of the Standalone Financial Statements, which describes an uncertainty relating to the future outcome of pending litigations or regulatory action. Attention was also drawn by us in audit report since financial year 2021-22.
2. We have relied upon the reports of valuers with respect to fair valuation of its investments and loans to subsidiaries, joint ventures and associates and its inventories to ascertain the recoverability of the amounts invested / advanced & as also the carrying value of inventories, security deposits and project advances (refer note 49 of the Standalone Financial Statements).

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the Emphasis of Matter section above, we have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report including in relation to these matters.

Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statement.

Key Audit Matter	How the matter was addressed in the audit
<p><u>Valuation of Inventory</u> (Refer Note 2.11 and 11 to the standalone financial statement)</p> <p>Inventory consisting of projects under development has an aggregate value of Rs. 39,638.26 lacs as on March 31, 2024.</p> <p>These projects are under initial stages of development and the management estimates that net realizable value of these projects will be greater than the carrying cost based on the approved initial plans, future projections and future prospects of these projects. As on March 31, 2024, there is no significant progress in development activities of these projects.</p> <p>Considering the materiality of the amount involved and degree of management judgment in valuation, we have identified valuation of inventory as a key audit matter for the current year audit</p>	<p>Our audit procedure in respect of this area includes:</p> <p>Obtained an understanding of management’s process and evaluated design and tested operating effectiveness of controls for valuation of inventories.</p> <p>Obtained valuation reports from independent valuer engaged by the management for projects work-in-progress and evaluated the appropriateness of the underlying data, methodology applied by independent valuer and assumption given by the management for inventory valuation.</p> <p>Verified, on test check basis, the project related expenditure incurred during the year and analysed the movement of projects work-in-progress during the year.</p> <p>Verified the project site in consideration and obtained an understanding that whether site belong to the Company and all approvals are taken or not.</p> <p>We did not identify any significant exceptions to the management’s assessment as regards to valuation and no adjustment is necessary for the purpose of the valuation.</p> <p>(Also refer paragraph ‘2’ under section Emphasis of Matter of the report)</p>
<p><u>Investments made in and loans granted to subsidiaries, associates and joint ventures:</u> (Refer note 49 of the standalone financial statements)</p> <p>The Company has made investments in subsidiaries, associates and joint ventures amounting to Rs. 3,03,913.59 lacs and has also granted loans amounting to Rs. 1,96,569.55 lacs as at 31 March 2024 at cost (net of provision).</p> <p>Considering the materiality of the amount involved and degree of management judgment in valuation of investments and recoverability of loans and advances, this is considered to be a key audit matter.</p>	<p>Our audit procedures include:</p> <p>Review of the financial statements of the said subsidiaries, associates & joint venture.</p> <p>Discussion with the management as regards the status of the projects being developed by the said entities</p> <p>Review of agreements / arrangements entered into by the said entities with land owners / joint developers etc.</p> <p>Review of reports of valuers with respect to fair valuation of its investments and loans to subsidiaries, joint ventures and associates (including valuation reports / project profitability of underlying inventories under development)</p> <p>Review of expected credit loss / impairment provision made by the management.</p> <p>Based on our audit procedures as mentioned above we did not identify any significant exceptions to the management’s assessment as regards recoverability of investments made and loans & advances given to subsidiaries, associates and joint ventures.</p> <p>(Also refer paragraph ‘2’ under section Emphasis of Matter of the report)</p>

Information Other than the Standalone financial statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s report including annexure to board report, Business Responsibility Statements, Corporate Governance and Shareholder’s information, but does not include the standalone financial statements and our auditor’s report thereon.

Our opinion on the does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

We draw attention to Note 48 to the standalone financial statements, regarding share of (loss) (net) from investment in three partnership firms, three limited liability partnerships and four association of person aggregating to Rs. 1,022.63 lacs for the year ended March 31, 2024, included in the standalone financial statements, are based on the audited financial statement of such entities. These financial statements have been audited by their respective independent auditors of these entities, whose reports have been furnished to us by the Management and our audit report on the Statement is based solely on such audit reports of the other auditors.

Our report on the standalone financial statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone financial statements;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, read with our comments stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account maintained for the purpose of preparation of standalone financial statements;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e. On the basis of the written representations received from the directors as on March 31, 2024, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164(2) of the Act;
 - f. Our comments relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2".
 - h. With respect to the other matter to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year except sitting fees to independent directors and non-executive directors in accordance with the provision of section 197(5) of the Act;
 - i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the pending litigations & disputes on its financial position in Notes 48A to 48D, 50 and 52 to the standalone financial statements. Further as per the note 47.2, the Company is a party to various litigation

proceeding in normal course of business and the management does not foresee an adverse impact on its financial condition, results of operations or cash flows. For the purpose of said reporting, we have relied upon the opinion / confirmation received from the in-house legal team.

- (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- (iv) As per the management representation provided, we report,
 - (a) no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company
 - (b) no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement. Also refer note 58.2 of the standalone financial statements.

- (v) The Company has neither declared nor paid any dividend during the year and hence compliance with section 123 of the Companies Act 2013 does not arise.
- (vi) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the period from 12th April 2023 to 31st March 2024 for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As per proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure 1 to the Independent Auditor's Report for the year ended March 31, 2024

(Referred to in paragraph 1 of the heading 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i. In respect of Property, Plant and Equipment & Intangible Assets:
- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company does not hold any intangible assets hence reporting under clause (i)(a)(B) of paragraph 3 of the order is not applicable.
- (b) The Company has a program for the verification of Property, Plant and Equipment to cover all the items in a phased manner over a period of 3 years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were physically verified by the management subsequent to year end and no discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of all the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company as at March 31, 2024 except in case of two flats situated in Mumbai, Maharashtra, we are informed that original documents are attached by Enforcement Directorate (ED) under Prevention of Money Laundering Act, 2002 (refer note 3.1 of the standalone financial statements). We have verified the scan copy of the agreements and we have also relied on the order issued by ED with this regard.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including Right-of-Use assets) and intangible assets during the year. Thus, clause (i)(d) of paragraph 3 of the Order is not applicable.
- (e) In our opinion and according to the information and explanations given to us, there are no proceedings which have been initiated or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended) and rules made thereunder.
- ii. (a) The inventories comprise of payments for acquisition of lands, tenancy rights, related compensation, contract payments and other expenditure on construction and development of the projects of the Company, having regards to nature of inventory, physical verification is carried out by way of site visits by the management at reasonable intervals during the year. In our opinion, the coverage and the procedure of such verification by the management is appropriate. No material discrepancies were noticed on physical verification carried out during the year.
- (b) The Company has not been sanctioned working capital limits in excess of Rs. 500.00 lacs, in aggregate, from banks or financial institutions at any point of time during the year on the basis of security of current assets. Accordingly, the requirement to report on clause (ii)(b) of paragraph 3 of the Order is not applicable to the Company.
- iii. According to the information and explanations given to us, during the year, the Company has made investments in, provided guarantees or securities or granted unsecured loans and advances in the nature of loans to Companies, firms, Limited Liability Partnerships and other parties, in respect of which, our comments are as under:
- (a) the Company has provided loans, advances in the nature of loans, stood guarantee and provided security to companies, firms, Limited Liability Partnerships or any other parties during the year as follows:

(Rs. in lacs)

Particulars	Guarantees & Securities	Loans or advances in the nature of loan
Aggregate amount granted / provided during the year		
Subsidiaries	4,500.00	1,55,067.19
Associates	-	-
Joint ventures	-	24,072.71
Other than above	-	5.00
Balance outstanding as at balance sheet date in respect of above cases		
Subsidiaries	1,85,500.00	1,70,668.39
Associates	-	-
Joint ventures	-	25,921.43
Other than above	3,10,300.00	799.07

- (b) In our opinion and according to the information and explanations given to us, the terms and conditions of the investments made, guarantees provided, securities given during the year are not prejudicial to the Company's interest.

Loans and advances granted during the year are not prejudicial to the interest of the Company, including interest free loans given to subsidiaries, associates or joint ventures entities, because such infusion of funds is towards various projects undertaken by such entities in which the Company has commercial interest.

- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in respect of loans and advances in the nature of loans granted, the schedule of repayment of principal and payment of interest has not been stipulated, except interest bearing loan given to joint venture which is repayable after August 24, 2028. In respect of loans which are repayable on demand, the amount have been received whenever demanded by the Company. Thus, we are unable to make a specific comment on the regularity of repayment in respect of loans which are repayable on demand and not due as explained above.
- (d) As stated above, there are no overdue amount where repayment schedule is stipulated. Further, in respect of loans repayable on demand, we are unable to comment on the amounts overdue for more than ninety days, if any and reasonable steps for recovery as required under clause (iii)(d) of paragraph 3 of the Order.
- (e) In our opinion and according to the information and explanations given to us, there are no loans fallen due during the year, including loans granted as repayable on demand which have been repaid as and when demanded. Accordingly, the question of granting fresh loans to settle the overdues of existing loans does not arise.
- (f) Following are the details of the aggregate amount of loans or advances in the nature of loans granted during the year to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013 which are either repayable on demand or without specifying any terms or period of repayment:

(Rs. in lacs)

Particulars	All parties	Promoters	Related parties

- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any other lender.
- (c) According to the information and explanations given to us, no fresh term loans were availed by the Company during the year except that there were term loans outstanding as at the beginning of the year which were applied for the purpose for which they were obtained in the earlier years.
- (d) According to the information and explanations given to us, the audit procedures performed by us and on overall examination of the financial statements of the Company, we report that no funds raised on short term basis have been utilized for long term purposes by the Company.
- (e) On an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures. During the year, the Company has taken unsecured loans from related parties for general corporate purpose including granting of loans to subsidiary, associate and joint venture entities.

- (f) According to the information and explanations given to us and on the basis of our audit procedures, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associates and joint venture entities and hence, the requirement to report on clause (ix)(f) of paragraph 3 of the Order is not applicable to the Company.
- x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Therefore, the clause (x)(a) of paragraph 3 of the Order is not applicable to the Company.
- (b) The Company has complied with provisions of sections 42 and 62 of the Companies Act, 2013 in respect of the preferential allotment / private placement of equity shares allotted on conversion of warrants aggregating to Rs. 1,00,185.05 lacs (including opening balance of money received against share warrants of Rs. 25,062.30 lacs) and under Qualified Institutional Placement (QIP) aggregating to Rs. 92,020.02 lacs during the year. According to the information and explanations given to us, the amount raised through conversion of share warrants have been utilized for the purposes for which the said funds were raised and the amount raised through QIP have been partially utilised for the purposes for which the funds were raised and as on March 31, 2024, Rs. 64,528.47 lacs were unutilized which has been kept in fixed deposits / QIP monitoring / current account with scheduled commercial bank. Also refer note 55
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any fraud on the Company, noticed or reported during the year, nor have we been informed of any such instance by the management. (Also refer notes 52 and 58.9)
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- xii. The Company is not a Nidhi company. Therefore, clause (xii) of paragraph 3 of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records, transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable and the details have been disclosed in the standalone financial statements as required by the applicable accounting standards (Also refer Note 56 to the standalone financial statements).
- xiv. (a) In our opinion and based on our examination, the internal audit system including coverage is commensurate with the size and nature of its business. The periodicity of the internal audit needs to be further increased.
- (b) We have considered the internal audit reports for the year under audit issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with directors or persons connected with them and hence, provisions of section 192 of the Act are not applicable to the Company.
- xvi. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 based on legal opinion obtained by the Company (Refer Note 44.2 (G) to the standalone financial statements). Hence, reporting under clause (xvi)(a), (b) and (c) of paragraph 3 of the Order is not applicable.
- (b) As informed to us, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly, reporting under clause (xvi)(d) of paragraph 3 of the Order is not applicable.
- xvii. The Company has not incurred any cash losses in the current financial year. The company has incurred cash losses in the immediately preceding financial year amounting to Rs. 2,140.33 lacs.
- xviii. There has been no resignation of the statutory auditors during the year. Therefore, clause (xviii) of paragraph 3 of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, nothing has come to our attention which causes us to believe that material uncertainty exists as on the date of the audit report and the company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities

falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. The Company is not required to spend on CSR for ongoing or other than ongoing projects as per section 135 of the Companies Act, 2013. Accordingly, the requirement to report on clause 3(xx)(a) and (b) of the Order is not applicable to the Company.

Report on the Internal Financial Controls over Financial Reporting under section 143(3)(i) of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of **Valor Estate Limited (Formerly known as D B Realty Limited)** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, subject to our comments read with Emphasis of Matter para below, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls system over financial reporting was operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

Emphasis of matter

Frequency of Internal audit of the Company needs to be further increased considering the size and nature of the business. Attention was also drawn by us in respect of the above matter in audit report of Financial Year 2021-22.

Our opinion on the internal financial controls over financial reporting is not modified in respect of the above matters.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls over Financial Reporting

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1 Company Overview

Valor Estate Limited (formerly known as D B Realty Limited) (the "Company") is engaged primarily in the business of real estate construction, development and other related activities and hospitality business. The Company is public company domiciled in India and was incorporated under the provisions of the Companies Act, 1956. The Company was initially incorporated in 2007 as a Private Limited Company and thereafter listed with National Stock Exchange and Bombay Stock Exchange on February 24, 2010. The Company has its principal place of business in Mumbai and its Registered Office is at 7th Floor, Resham Bhavan, Veer Nariman Road, Churchgate, Mumbai – 400 020. The Company is jointly promoted by Mr. Vinod K. Goenka and Mr. Shahid Balwa.

With effect from March 8, 2024, name of the Company has been changed from D B Realty Limited to Valor Estate Limited, vide the 'Certificate of Incorporation pursuant to change of name' received from Ministry of Corporate Affairs.

The Company's standalone financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 29, 2024 in accordance with the provisions of the Companies Act, 2013 and are subject to the approval of the shareholders at the Annual General Meeting.

2 Material Accounting Policies, Accounting Judgements, Estimates and Assumptions**(A) Material Accounting Policies****2.1 Basis of Preparation and Measurement****(a) Basis of preparation**

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The standalone financial statements have been prepared on accrual and going concern basis read with note 54 to the standalone financial statements. The accounting policies are consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The standalone financial statements are presented in Indian Rupee ("INR"), the functional currency of the Company and all values are rounded to the nearest INR lacs, except when otherwise indicated. Items included in the standalone financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

(b) Basis of measurement

These standalone financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy no. 2.13 regarding financial instruments). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is material to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is material to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is material to the fair value measurement is unobservable.

2.2 Operating Cycle

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or

Notes to the Standalone Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is considered as current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities as the case may be.

The Company's normal operating cycle in respect of operations relating to the construction of real estate projects may vary from project to project depending upon the size of the project, type of development, project complexities and related approvals. Accordingly project related assets and liabilities have been classified in to current and non current based on operating cycle of respective project . All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

2.3 Property, Plant and Equipment

Property, plant and equipment are recorded at their cost of acquisition, less accumulated depreciation and impairment losses, if any. The cost comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost for bringing the asset to its working condition for its intended use. Subsequent expenditures relating to Property, plant and equipment are capitalised only when it is probable that future economic benefit associated with this, will flow to the company and the cost of the item can be measured reliably. Repair and maintenance cost are recognised in statement of profit and loss.

An item of property, plant and equipment and any material part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

Borrowing costs relating to acquisition / construction / development of tangible assets, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When material components of property, plant and equipment are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognised as separate asset. All other repair and maintenance costs are recognised in the Statement of profit and loss as incurred.

2.4 Capital Work in Progress and Capital Advances

Expenses incurred for acquisition of capital assets which have not been capitalized and in progress at each balance sheet date are disclosed under capital work-in-progress. Advances given towards the acquisition of property, plant and equipment are shown separately as capital advances under the head Other Non-Current Assets.

2.5 Depreciation

Depreciation on property, plant and equipment is provided on Straight Line Method in accordance with the provisions of Schedule II to the Companies Act, 2013 except for depreciation on new sales office, which is considered as temporary structure and has been amortized over a period of four years on a straight line basis which is different from the useful life indicated in Schedule II of the Companies Act, 2013. The Management believes that the estimated useful lives for all the assets are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.6 Intangible Assets and amortisation thereof

The cost relating to Intangible assets, with finite useful lives, are capitalised and amortised on a straight line basis up to the period of three to five years, is based on their estimated useful life.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.7 Impairment of Non Financial Assets

Carrying amount of tangible and intangible assets are reviewed at each Balance Sheet date to determine whether there is any indication that those asset have suffered as impairment loss. These are treated as impaired when the carrying cost thereof exceeds its recoverable value. Recoverable value is higher of the asset's net selling price or value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount

receivable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal. An impairment loss is charged for when an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.8 Investment Property

Investment property is property held to earn rentals and / or for capital appreciation and are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on Investment Property is provided on Straight Line Method basis in accordance with the provisions of Schedule II to the Companies Act, 2013. The Management believes that the estimated useful life as per the provisions of Schedule II to the Companies Act, 2013, are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of investment property are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of investment property initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

The fair values of investment property is disclosed in the notes. Fair value is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

2.9 Non-Current assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through sale rather than through continuing use and the sale is highly probable. Management must be committed to the sale, which should be expected within one year from the date of classification. The criteria for held for sale classification is regarded as met only when the asset is available for immediate sale in its present condition, subject to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset to be highly probable when:

- i) The appropriate level of management is committed to a plan to sell the asset,
- ii) An active programme to locate a buyer and complete the plan has been initiated,
- iii) The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- iv) The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- v) Actions required to complete the plan indicate that it is unlikely that material changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised. Gains and losses on disposals of such assets held for sale are determined by comparing proceeds with carrying amounts, and are recognised in the statement of profit and loss.

2.10 Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If the receivable is expected to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business, if longer), they are classified as current assets, otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component or pricing adjustments embedded in the contract.

Loss allowance for expected life time credit loss is recognised on initial recognition.

2.11 Inventories

Inventories comprise of: (i) Finished Realty Stock representing unsold premises in completed projects (ii) Project Work-In-Progress representing properties under construction/development (iii) Raw Material representing inventory yet to be consumed and (iv) Transferable Development Rights.

Inventories other than raw material are valued at lower of cost and net realisable value. Raw Materials are valued at weighted average method. Project work in progress cost includes cost of land/ development rights, materials, services, depreciation on assets used for project purposes and other expenses (including borrowing costs) attributable to the projects. It also includes any adjustment arising due to foreseeable losses.

Cost of Realty construction / development is charged to the Statement of Profit and Loss in proportion to the revenue recognised during the period and the balance cost is carried over under Inventory as part of either Project Work in Progress or Finished Realty Stock. Cost of Realty construction / development includes all costs directly related to the Project and other overheads incidental to the projects undertaken are incurred for the purpose of executing and securing the completion of the Project up to the date of receipt of Occupation Certificate of Project from the relevant authorities.

2.12 Revenue Recognition

The Company derives revenues primarily from sale of properties. The Company follow Ind AS 115 Revenue from Contract with Customers which recognise the revenue when performance obligation is satisfied by transferring a promised good or services.

i) Revenue from real estate projects

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer.

For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

An entity transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time if one of the following criteria is met :

- (i) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs;
- (ii) the entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- (iii) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

In all other cases, performance obligation is considered as satisfied at a point in time.

The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party.

Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in profit or loss immediately in the period in which such costs are incurred. Incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Impairment loss is recognised in profit or loss to the extent the carrying amount of the contract asset exceeds the remaining amount of consideration that the Company expects to receive towards remaining performance obligations (after deducting the costs that relate directly to fulfill such remaining performance obligations). The Company recognises impairment loss on account of credit risk in respect of a contract asset using expected credit loss model on similar basis as applicable to trade receivables.

(ii) Revenue from lease rental income

Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term, unless there is another systematic basis which is more representative of the time pattern of the lease.

(iii) Interest Income

For all financial instruments measured at amortised cost, interest income is measured using the Effective Interest Rate (EIR).

(iv) Income from Investment in Partnership Firms & Limited Liability Partnership (LLP), Association of Persons (AOPs)

Share of profit/loss in Partnership firms ,LLP and AOPs is recognized when the right to receive is established as per agreement/agreed terms between all the partners/members.

2.13 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

Initial Recognition and Measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortized cost
- Financial assets measured at fair value through other comprehensive income (FVOCI)
- Financial assets measured at fair value through profit and loss (FVTPL)

Financial Assets at Amortized Cost

A financial asset is measured at the amortized cost if both the following conditions are met:

Notes to the Standalone Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and any fees or costs that are an integral part of the EIR.

Financial Assets at FVTOCI

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- Business model test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at FVTPL

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

All financial assets which are not measured on amortised cost and FVTOCI are measured at fair value through profit or loss.

Equity Instruments at FVTOCI

For equity instruments not held for trading, an irrevocable choice is made on initial recognition to measure it at FVTOCI. All fair value changes on such investments, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale or disposal of the investment. However, on sale or disposal the company may transfer the cumulative gain or loss within equity.

Investments in associates, subsidiaries and joint ventures entities

Investments in subsidiaries, associates and joint ventures are carried at cost less accumulated impairment losses, if any or in accordance with Ind AS 109 - Financial Instruments. The accounting policy is applied for each category of investments.

Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either;
 - the Company has transferred substantially all the risks and rewards of the asset, or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the Company retains substantially all the risks & rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset & also recognised a collateralised borrowings for the proceeds received.

Impairment of financial assets

The Company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposures:

- Fair value through other comprehensive income
- Financial assets at amortized cost.
- Financial guarantee contracts.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under this approach the company does not track changes in credit risk but recognizes impairment loss allowance based on lifetime ECLs at each reporting date. For this purpose the company uses a provision matrix to determine the impairment loss allowance on the portfolio of trade receivables. The said matrix is based on historically observed default rates over the expected life of the trade receivables duly adjusted for forward looking estimates.

For recognition of impairment loss on other financial assets and risk exposures, the company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month expected credit loss (ECL) is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the company reverts to recognizing impairment loss allowance based on 12-month ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

(ii) Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent Measurement

This is dependent upon the classification thereof as under:

- (i) At Amortised Cost
- (ii) At Fair value through Profit & loss Account

Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

(iii) Offsetting of Financial Instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise an asset and settle the liabilities simultaneously.

(iv) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity in accordance with the substance of the contractual arrangements. These are recognized at the amount of the proceeds received, net of direct issue costs.

(v) Compound Financial Instruments

These are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements.

On the date of the issue, the fair value of the liability component is estimated using the prevailing market rate for similar non-convertible instruments and recognized as a liability on an amortized cost basis using the EIR until extinguished upon conversion or on maturity. The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole and recognized as equity, net of the tax effect and remains in equity until the conversion option is exercised, in which case the balance recognized in equity will be transferred to another component of equity. If the conversion option remains unexercised on the maturity date, the balance recognized in equity will be transferred to retained earnings and no gain or loss is recognized in profit or loss upon conversion or expiry of the conversion option.

Transaction costs are allocated to the liability and equity component in proportion to the allocation of the gross proceeds and accounted for as discussed above.

(vi) Effective Interest Method:

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

2.14 Employee Benefits**(i) Short term employee benefits**

Short term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Post Employment Benefits**Defined contribution plans**

The defined contribution plan is postemployment benefit plan under which the Company contributes fixed contribution to a government administered fund and will have no legal or constructive obligation to pay further contribution. The Company's defined contribution plan comprises of Provident Fund and Labour Welfare Fund. The Company's contribution to defined contribution plans are recognised in the statement of profit and loss in the period in which the employee renders the related services.

Defined benefit plans

Provision for Gratuity is recorded on the basis of actuarial valuation certificate provided by the actuary using Projected Unit Credit Method.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss. Net interest expense / (income) on the defined liability / (assets) is computed by applying the discount rate, used to measure the net defined liability / (asset). Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Compensated Absences

Company's liability towards compensated absences is determined by an independent actuary using Projected Unit Credit Method. Past services are recognised on a straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of the estimated future cash flows using a discounted rate that is determined by reference to the market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation. Accumulated leave which is expected to be utilised within the next 12 months is treated as short term employee benefit and is shown under current provision in the balance sheet.

Employee Share based payment:

Share Based Payments Equity-settled share based payments to employees of the Group are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share based payments transactions are set out in statement of changes in equity.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

In case of Group equity-settled share-based payment transactions, where the Company grants stock options to the employees of its subsidiaries, joint ventures and associates, the Company has accounted cost of share based payment as recoverable from the subsidiaries, joint venture and associates under intragroup repayment arrangement with a corresponding credit in the equity.

2.15 Leases**As a lessee**

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The company has elected not to recognize right of use asset and lease liability for low value asset and short term leases. The Company has recognized the lease payment associated with these leases as an expense on straight line basis over the lease term.

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices.

Notes to the Standalone Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprise of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date net of lease incentive received, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The lease liability is measured at amortised cost using the effective interest method.

Identification of a lease requires material judgment. The Company uses material judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

As a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.16 Foreign currency transactions and translation

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss respectively).

2.17 Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are considered as a part of cost of such assets less interest earned on the temporary investment. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are charged to Statement of Profit and Loss in the year in which they are incurred.

2.18 Taxes on Income

Income Tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in Equity or in Other Comprehensive Income.

(i) Current Income Taxes

Current tax is the expected tax payable / receivable on the taxable income / loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to Income tax is included in current tax expense.

(ii) Deferred Taxes

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and its tax base.

Notes to the Standalone Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except, when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

2.19 Provisions Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

When the Company expects some or all of a provision to be reimbursed, the same is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are not recognised in the standalone financial statements if the inflow of the economic benefit is probable than it is disclosed in the standalone financial statements.

Both provisions and contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognized but are disclosed in the notes.

2.20 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for events including a bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.21 Cash and Cash Equivalent

Cash and cash equivalent for the purpose of Cash Flow Statement comprise cash at bank and in hand and short term highly liquid investments which are subject to insignificant risk of changes in value.

2.22 Cash Flow Statement

Cash Flow Statement is prepared under the "Indirect Method" as prescribed under the Indian Accounting Standard (Ind AS) 7, Statement of Cash Flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.23 Commitments

Commitments are future liabilities for contractual expenditure. The commitments are classified and disclosed as follows:

- (a) The estimated amount of contracts remaining to be executed on capital accounts and not provided for; and
- (b) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of the Management.

Notes to the Standalone Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

2.24 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker regularly monitors and reviews the operating result of the whole Company as two segments viz “Real Estate Development” and “Hospitality”

The segments “real estate business” and “hospitality business”, which are characterised by their different business activities, industry, separate operating teams, separate chief operating decision makers, the availability of discrete financial information and considering the overall Company’s corporate structure of conducting most of its business through separate special purpose vehicles. (Also Refer Note 38)

(B) Material Accounting Judgements, Estimates and Assumptions:

The preparation of Standalone Financial Statements is in conformity with the recognition and measurement principles of Ind AS which requires the management to make judgements for estimates and assumptions that affect the amounts of assets, liabilities and the disclosure of contingent liabilities on the reporting date and the amounts of revenues and expenses during the reporting period and the disclosure of contingent liabilities. Differences between actual results and estimates are recognized in the period in which the results are known/ materialize.

(i) Judgements

In the process of applying the Company’s accounting policies, management has made the following judgements, which have the most material effect on the amounts recognised in the standalone financial statements:

- a) Assessment of the status of various legal claims and other disputes where the Company does not expect any material outflow of resources and hence suitably disclosed. (Refer Note No. 47, 50 & 52)
- b) In several cases, assessment of the management regarding executability of the projects undertaken. (Refer Note No. 11)
- c) Assessment of the recoverability of various financial assets.

(ii) Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Project estimates

The Company, being a real estate development company, prepares budgets in respect of each project to compute project profitability. The major components of project estimate are ‘budgeted costs to complete the project’ and ‘budgeted revenue from the project. While estimating these components various assumptions are considered by the management such as (i) Work will be executed in the manner expected so that the project is completed timely (ii) consumption norms will remain same (iii) Estimates for contingencies and (iv) price escalations etc. Due to such complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(b) Impairment of Non Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the assets recoverable amount. An asset’s recoverable amount is the higher of an asset’s fair value less costs of disposal and its value in use. When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

(c) Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about the risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs for impairment calculation. Based on Company’s past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(d) Impairment of investment in subsidiaries, associates and joint ventures

The Company conducts impairment reviews of investments in subsidiaries, associates and joint ventures whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable or tests for impairment annually. Determining whether the investments in subsidiaries, associates and joint ventures are impaired requires an estimate of the value in use of investments. In considering the value in use, the management has anticipated future cash flows and other factors of the underlying businesses / operations of the subsidiaries, associates and joint ventures and a suitable discount rate in order to calculate the present value. Any subsequent changes to the cash flows due to changes in the above-mentioned factors could impact the carrying value of investments.

(e) Deferred Tax Assets

In assessing the realisability of deferred tax assets, management considers whether some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible.

Management considers the scheduled reversals of deferred tax Assets, projected future taxable income. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes that the Company will realize the benefits of those deductible differences.

The Company has not recognised Deferred tax assets on unrealised tax losses and credits, unabsorbed depreciation considering no reasonable certainty on reversal of deferred tax assets on prudence basis in near future.

(f) Defined benefit plans

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(g) Fair value measurements

When the fair values of the financial assets and liabilities recorded in the Balance Sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market wherever possible, but where this is not feasible, a review of judgement is required in establishing fair values. Any changes in assumptions could affect the fair value relating to financial instruments.

(h) Estimation of provisions and contingencies

Provisions are liabilities of uncertain amount or timing recognized where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past event whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgment and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigations. Judgment is necessary in assessing the likelihood of the success of the pending claim and to quantify the possible range of financial settlement. Due to this inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provision.

- 4.6 During the year, the Company has made an impairment provision of Rs. 122.85 lacs (previous year Rs. 722.21 lacs) with respect to investments in subsidiaries, associates, joint ventures and other investments. The assessment was made based on the future estimates of profitability and cash flows from the projects undertaken by the said entities. The impairment loss is charged to Profit and Loss account in other expenses. The key assumptions in the impairment test included the future realisable value of the underlying assets and the timing of their disposal."
- 4.7 10.50% Redeemable Cumulative Preference shares are redeemable at any time on or after expiry of 3 years from the date of allotment i.e. 07.11.2005 for 1,000,000 shares and 08.12.2005 for 50,000 shares, but not later than 20 years from the date of allotment. Further, the Board of Directors of Neelkamal Realtor Suburban Private Limited shall, at its absolute discretion, decide the time of redemption after the expiry of 3 years, whether to be redeemed fully or partially, in one or more lots but in not more than three yearly installments.
- 4.8 The Company is holding 70,000 number of Secured Compulsory Convertible Debentures (CCDs) of Rs. 100 each aggregating to Rs. 70.00 lacs in the N. A. Estate Private Limited (subsidiary company). The debentures were required to be converted into equity shares by September 20, 2021. Due to no business activities and liquidity crisis, the tenure of conversion has been extended to another 3 years i.e. upto September 20, 2024. Except extension of tenure of conversion of CCDs for a period of 3 years, all other terms and conditions will remain unchanged and will be subsisting and binding on the said subsidiary company.
- 4.9 Upon transition to Indian Accounting Standards, the Company has opted to recognised the investment in the preference shares of Neelkamal Realtors Tower Private Limited (subsidiary company) and debentures of the N.A. Estate Private Limited (subsidiary) at fair value through profit and loss.
- 4.10 During June 2018, the Company has given interest free deposit of Rs 7,000 lacs for 2 years to Mira Real Estate Developers which has been initially recognised as financial asset i.e. deposit. Consequent to the same, Rs 1,797.86 lacs was added to investment in earlier years which

11.2 In respect of real estate projects (Construction work in progress) aggregating to Rs. 39,638.26 lacs (Previous year Rs. 34,098.04 lacs) stage of completion, projections of cost and revenues expected from project and realization of the construction work in progress / advances have been determined based on management estimates which is being relied upon by the auditors. In respect of real estate project (Construction work in progress) which are at initial preparatory stage [i.e. acquisition of land / development rights], realization of the construction work in progress and advances for project / compensation have been determined based on management estimates of commercial feasibility and management expectation of future economic benefits from the project. These estimates are reviewed periodically by management and revised whenever required. The consequential effect of such revision is considered in the year of revision and in the balance future period of the project. These estimates are dynamic in nature and are dependent upon various factors like eligibility of the tenants, changes in the area, approval and other factors. Changes in these estimates can have significant impact on the financial statement of the Company and its comparability with the previous year, however quantification of the impact due to change in said estimates cannot be quantified.

Additionally, during the current year the Company has carried out a fair valuation of its inventories through valuers. Based on the valuation reports and the management assessment, the underlying value is greater than the carrying value of inventories and are consequently good for recovery Refer note 49.

VII. Quantitative sensitivity analysis for significant assumption is as below

Sensitivity analysis indicates the influence of a reasonable change in certain significant assumptions on the outcome of the Defined Benefit Obligations (DBO) and aids in understanding the uncertainty of reported amounts. Sensitivity analysis is done by varying one parameter at a time and studying its impact.

Notes to the Standalone Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

- 1 Present value of defined benefits obligation on account of change in assumptions:

Particulars	(Rs. in lacs)	
	Gratuity (Un-Funded)	
	For the year ended March 31, 2024	For the year ended March 31, 2023
One percentage point increase in discount rate	42.09	39.06
One percentage point decrease in discount rate	46.23	43.21
One percentage point increase in salary rate	44.32	41.39
One percentage point decrease in salary rate	43.71	40.56
One percentage point increase in withdrawal rate	44.83	41.78
One percentage point decrease in withdrawal rate	43.21	40.20

Note: Amounts in (-) indicates a decrease in defined benefits obligations.

- 2 The sensitivity analysis presented above may not be representative of the actual change in the defined obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some assumption may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the project unit credit method at the end of the reporting period, which is same as that applied in calculation of defined benefit obligation liability recognised in the balance sheet.
- 3 Sensitivity analysis is done by varying one parameter at a time and studying its impact.

VIII. Risk Exposure and Asset Liability Matching

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as companies take on uncertain long term obligations to make future benefit payments.

1 Liability Risks
a. Asset-liability Mismatch Risk -

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the Company is successfully able to neutralize valuation swings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk -

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk -

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

2 Unfunded Plan Risk

This represents unmanaged risk and a growing liability. There is an inherent risk here that the Company may default on paying the benefits in adverse circumstances, Funding the plan removes volatility in company's financials and also benefit risk through return on the funds made available for the plan.

Notes:

- 1 The obligation towards Gratuity is unfunded and therefore, the following disclosures are not given:
- Reconciliation of Opening and Closings Balance of fair value of plan assets.
 - Details of Investments

B.2 Other Long Term Employee Benefits - Compensated Absences

The obligation of Leave Encashment is provided for on actuarial valuation by an independent valuer and the same is unfunded. The amount debited /(reversal) in the Statement of Profit and Loss for the year is Rs. 0.58 lacs (Previous Year (Rs. (12.19) lacs)*).

* The amount are shown as negative due to excess recovery from group entities on account of transfer of employees.

41 Sale of investment (including investment in subsidiary and joint ventures)

41A The Company redeemed preference shares in Marine Drive Hospitality and Realty Private Limited (MDHRPL) at face value. The same has resulted into:

- gains of Rs. 20,927.22 lacs, being difference between carrying value and redemption proceeds - unwinding of financial instruments which is accounted under other income with respect to 74,443 CRCPs, which were measured at amortised cost.
- reversal of impairment loss of Rs 9,186.47 lacs accounted under exceptional items with respect to 2,17,630 ROCCPS Series C which were measured at FVTPL.
- reversal of impairment loss of Rs 5,556.50 lacs accounted under other comprehensive income with respect to 98,600 ROCCPS Series D and 3,13,478 ROCCPS Series B, which were measured at FVTOCI.

Further, equity investment in MDHRPL which were measured at FVTOCI were sold to related parties leading to reversal of impairment loss of Rs. 345.45 lacs under other comprehensive income.

41B The National Company Law Tribunal approved the scheme of amalgamation of Platinum Corp Affordable Builders Private Limited with Royal Netra Constructions Private Limited and post such approval, the Company sold its investment in equity shares, recognizing a gain of Rs. 179.85 lacs. Against the loan granted by the Company, Royal Netra issued 8% NCD along with redemption premium linked to the value of identified units. The fair value of redemption premium is not yet accounted considering that the underlying project is at early stages of development.

41C The Company exited joint venture with Eversmile Construction Company Private Limited and Konark Conwell LLP, with a right to receive specified area in the project at agreed timelines & terms. Gain on exit of Rs. 5,000.24 lacs based on RERA price after considering time value of money has been recognised.

41D In respect of Real Gem Buildtech Private Limited (Real Gem) (a wholly owned subsidiary Company (WOS) of the Company) being "DB Crown" Project, during the year ended March 31, 2024, has decided not to reapply to NCLT for the earlier proposed slump sale and subsequently has entered into share transfer agreement for transfer of entire stake of the subsidiary to Kingmaker Developers Private Limited (KDPL) for a consideration of Rs. 23,141 lacs. Gain on sale of investment of subsidiary of Rs. 14,194.32 lakhs has been accounted during the year. Out of the total consideration, Rs. 4,000 lacs will be received on final outcome as regards disputed service tax demand on the subsidiary for which the Company has given an indemnity. On the basis of opinion obtained from the consultant, the risk associated with the said proceeding is low and hence the Company has considered said receivables as good.

41E During the year ended March 31, 2024, the Company has executed securities purchase agreement and deed of transfer of partnership interest for disinvestment of its entire holding (equity shares as well as preference shares) / interest in two joint ventures of the Company i.e. Prestige (BKC) Realtors Pvt Ltd and Turf Estate Joint Venture LLP for a consideration of Rs. 97,870.05 lacs and Rs. 19,779.08 lacs, respectively. Both the transactions has been completed in the current quarter and all the condition precedent to the said agreement / deed of partnership has been fulfilled and hence the Company has recognised gain on such disinvestment of Rs. 41,490.18 lacs on sale of its stake in Prestige (BKC) Realtors Pvt Ltd and on Rs. 621.23 lacs on sale of its stake in Turf Estate Joint Venture LLP. The Company has also repaid its entire dues of Rs. 51,732.90 lacs (interest free) to its related parties i.e., Prestige (BKC) Realtors Private Limited. Further, The Company has also repaid loan of Rs. 23,794.93 lacs along with interest payable of Rs. 6,629.64 lacs to other Prestige Group entities.

42 Acquisitions (including investment in subsidiary and joint ventures)

42A Acquisition of Subsidiaries:

1 The Board of Directors of the Company on August 11, 2023 and members resolution on September 16, 2023 had approved the following acquisitions from its related party:

44.1(d) Fair value of financial assets measured at amortized cost are broadly in line with the carrying amount in the books of the Company.

Fair Value Hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are whether observable or unobservable and consists of the following three levels:

Level	Nature of Inputs
Level 1	Inputs are quoted prices (unadjusted) in active markets for identical assets and liabilities.
Level 2	Inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. prices) or indirectly (i.e. derived from prices).
Level 3	Inputs are not based on observable market data unobservable inputs. Fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Note: The investment included in Level 3 of fair value hierarchy has been valued using the various method including cost approach, discounted cash flow method, sum of parts (SOTP) approach, etc. to arrive at their fair value.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured on fair value on recurring basis (but fair value disclosure are required)

(Rs. in lacs)				
Particulars	See Note	Level	As at March 31, 2024	As at March 31, 2023
Financial assets:

44.2 Financial Risk Management:

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk Management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

44.2(A) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market conditions. Market risk comprises three types of risk: interest rate risk, credit and default risk and liquidity risk. Financial instruments affected by market risk include investments, loans, trade receivables, borrowings, trade payables and other financial liabilities.

44.2(B) Interest Risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

The interest rate profile of the Company's interest bearing financial instruments is as follows:

44.2(C) Credit risk and default risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables, business advances/deposit given) and from its investing activities (primarily loans granted to various parties including related parties).

Trade Receivables

Considering the inherent nature of business of the Company, Customer credit risk is minimal. The Company generally does not part away with its assets unless trade receivables are fully realised.

Based on prior experience and an assessment of the current economic environment, management believes there is no credit risk provision required, other than those made in the accounts. Also the Company does not have any significant concentration of credit risk.

The ageing of Trade Receivable (Gross) is as follows:

Particulars	(Rs. in lacs)

Trade Receivable (Net) is as follows:

(Rs. in lacs)	
Balance as on March 31, 2023	-
Balance as on March 31, 2024	-

Loans

The loans and advances are in the nature of advances for project in SPVs where the Company is a stakeholder and hence the risk is minimal. Based on the above factors and historical data, loss on collection of receivables is not material and hence no additional provision was made apart from provisions for impairment in respect of certain specific loans.

- 47.3 The Company is contesting the demands and the Management believes that its position will likely be upheld in the appellate process. No tax expense has been accrued in the standalone financial statements for the tax demand raised. The Management believes that the ultimate outcome of this proceeding will not have a material adverse effect on the Company's financial position and results of operations.
- 47.4 The Company believes that its existing provision for property tax is sufficient to cover liabilities up to March 31, 2024, based on the Supreme Court's decision on Capital Value-based tax based on the situation "in praesenti".
- 48 Share of profit (net) from investments in partnership firms and association of persons are based on financial statements of the such entities as audited by respective auditors. The audited financial statements/the auditors' report on the financial statements of the such entities viz. Dynamix Realty ("Dynamix"), DBS Realty, Conwood DB JV, Mira Real Estate Developers, and Worli Urban Development Project LLP (formally known as Lokhandwala DB Prestige LLP) in which the Company is a partner have reported certain significant matters as under (Refer note 29 and 34):

48A Notes to financial statements of Dynamix Realty are as follows ; (also refer note 52)

- i. Notes to financial statements regarding to property tax liability:

The firm has disputed its liability for property tax on the land on which it has constructed the Project as the said land was conveyed to the Municipal Corporation of Greater Mumbai (MCGM), though it provided for such property tax as upto 31st March, 2012 and accordingly, has not paid Rs. 102.35 lakhs (previous year Rs. 102.35 lakhs). Without prejudice to the same, in any view of the matter, in terms of the agreement with Slum Rehabilitation Authority as well as with MCGM, the firm is not liable for property tax effective April 2012. Accordingly, the amount of Rs. 33.74 lakhs (previous year Rs. 33.74 lakhs) paid under protest on or after April 2012 though recoverable from MCGM, as a matter of prudence, provision is made for doubtful recovery.

- ii. Attached under PML Act

Name of the party	As at 31st March 2024	As at 31st March 2023
Mystical Construction Private Limited (refer note no. below note)	4,691.00	4,691.00
UBS Dream Constructions Private Limited (refer note no. below note)	239.33	239.33
Total	4,930.33	4,930.33

The firm has filed legal cases against these parties before the Hon' High Court of Bombay for recovery of outstanding amounts along with interest thereon, which are pending. Both the parties have disputed the firm's claim in this regard. In the opinion of the firm the outcome of these cases would be in its favour and it shall be able to recover the same and accordingly, provision for doubtful debts/expected credit losses is not considered necessary.

The Company (Partner) has given an undertaking, whereby it has agreed to bear the loss if any on account of non / short realisation of assets as tabulated hereunder attached by the Directorate of Enforcement under the 2G Spectrum case and Money Laundering case. In view of the same, no provision is made for the expected credit loss.

Particulars	As at 31st March 2024	As at 31st March 2023
Trade receivables	4,930.33	4,930.33
Balance with directorate of enforcement	3,487.21	3,487.21
Debit balance in Partner's account i.e. Eversmile Construction Company Private Limited & Conwood Construction and Developers Private Limited and (as its assets are also attached by the Directorate of Enforcement under the 2G Spectrum case and Money Laundering case)	159.10	108.24
Balance at the end of the year	8,576.64	8,525.78

The credit balance of The Company (Partner) is Rs. 3,853.81 lakhs as on 31st March, 2024, which signifies funding of aforesaid assets to that extent. The Company (Partner) 's financial commitment to infuse funds to meet the firm's financial obligations, ensures that the firm views the attached trade receivables as secure for recovery, without needing to allocate any funds for doubtful recovery or expected credit losses

- iii. Rs. 212.46 lacs (Previous year: Rs. 154.00 lacs) of Goods and Service Tax, which the firm is of the opinion that set-off whereof as well as subsequent credits more particularly from vendors bills against defect liabilities, shall be utilised against GST liabilities that will arise from future business operations. Hence, as the GST balance does not lapse as per law and the management may commence new project/venture, the balance is carried forward for future set-off.

48B Notes to financial statements of DBS Realty are as follows:

Property Tax

Contingent Liabilities:	As at March 31, 2024	As at March 31, 2023
Property Tax	18,084.86	18,084.86

During the earlier years, the firm has received special notice from Municipal Corporation of Greater Mumbai (M.C.G.M) with regard to payment of property tax. In response to said notice the firm has filed complaint to M.C.G.M stating that the said property belongs to Government of Maharashtra and therefore the assessment for property tax made on the firm is bad in law and void.

48C Notes to financial statements of Mira Real Estate Developers are as follows:

i. Notes to financial statements regarding a matter which is sub-judice:

The Salt Department, Union of India has filed a petition and the partnership firm has filed cross petitions towards their respective claim for exclusive title over the salt pan land. Though the matter is sub-judice, the firm is of opinion that it has a rightful claim over the ownership of the salt pan land and will be in a position to defend its title.

ii. The entity is in possession of a land which it was holding as a lessee in respect of a lease which has expired during the previous year. The negotiations to renew this lease are ongoing with the authorities. The eventual lease classification as per IND AS-116 shall be ascertained once the renewed lease deed is executed. Further, no lease payments have been made during the year.

48D Notes to financial statements of Conwood DB JV are as follows:

Represent disputed demands under income tax of Rs. 3,582.25 lacs (Previous year: Rs. 3,270.13 lacs) against which no amount has been deposited. The matters are sub judiced before the first appellate authority. The members of the firm shall infuse funds to meet the obligations if decided against.

48E Notes to financial statements of Worli Urban Development Project LLP (formally known as Lokhandwala DB Prestige LLP) are as follows:

The project being at initial preparatory stage, realization of the project work-in-progress has been determined based on the partners estimates of commercial feasibility and the partners expectation of the future economic benefits from the project. These estimates have been prepared by the LLP and approved by the partners.

49 During the year, the Company has carried out a fair valuation of its investments, loans and security deposits to subsidiaries, joint ventures and associates and its inventories through valuers/ independent assessment. Based on the said valuation reports and management assessment, the underlying value is greater than the carrying value of the respective assets. In cases where recoverable value is lower, appropriate provision for impairment / expected credit loss has been made.

50 Update as regards litigations:

- (a) With respect to guarantees or securities given by the Company
- (i) In the earlier year, the Securities Exchange Board of India (SEBI) had issued a show cause notice to the Company for various non-compliances including non-provision of expected credit loss / additional provision with respect to financial guarantees aggregating to Rs 59,130.18 lacs which has been disputed by the company. During the year, the Company has filed an appeal with SAT to pass an order to keep the proceedings initiated by the show cause notice in abeyance. Hearing held in the month of March 2024 has been adjourned and next hearing date is June 24, 2024. Considering the development as stated below, the Company does not expect any liability in respect of this matter.
- (ii) In connection with corporate insolvency resolution proceedings (CIRP) initiated by lender of an entity inter alia secured by the corporate guarantee given by the Company, in the current quarter, the Borrower has entered One-time settlement (OTS) with the lender dated March 21, 2024 for Rs. 70,335.00 lakhs, out of which Rs. 41,319.00 lakhs already deposited by the holding company of the said borrower and the balance of Rs. 29,016.00 lakhs is payable within 90 days from the date of the OTS along with interest at 10% p.a. Considering the same, National Company Law Appellate Tribunal (NCLAT) has passed an order for closure of ongoing CIRP with the condition that in case of non-payment as per OTS terms then the said proceeding will be again revived by the lender. Also Refer Note 44.2 (D) (xi) & Note 44.2 (D) (xii) above.
- (b) Furthermore, the Company is involved in various legal proceedings arising in ordinary course of business and does not foresee an adverse impact on its financial condition, results of operations or cash flows.

51 Managerial remuneration:

- (a) In view of inadequate profit during the current and previous year, the Company has not paid any managerial remuneration to any managing director in both years.
- (b) Sitting fees amounting to Rs. 11.80 lacs (Previous Year Rs. 9.00 lacs) have been paid to the independent directors and non-executive director of the Company in compliance with section 197 (5) of the Companies Act, 2013.

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditor's Report

To
**The Members of
 Valor Estate Limited
 (formerly known as D B Realty Limited)**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Valor Estate Limited (formerly known as D B Realty Limited)** ("the Company or Parent Company or Holding Company") and its subsidiaries ("the Parent and its subsidiaries together referred to as "the Group"), its associates and joint ventures which comprise the Consolidated Balance Sheet as at March 31, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the Consolidated Financial Statements including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in point no. 1 of the other matter paragraph, on separate Ind AS financial statements and other financial information of the subsidiaries, associates and joint ventures, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, of the state of affairs of the Group, its associates and joint ventures as at March 31, 2024, and its consolidated profit / (loss) (including other comprehensive income), its consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion on the Consolidated Financial Statements.

Emphasis of Matters

1. We draw attention to Note 53A and 56.2 (D)(x) of Consolidated Financial Statement, which describes an uncertainty relating to the future outcome of pending litigations or regulatory actions.
2. We have relied upon the reports of valuers with respect to fair valuation of the investments and loans to joint ventures / associates & inventories of the Group to ascertain the recoverability of the amounts invested / advanced as also the carrying value of inventories (Refer note 54A(3)).
3. In the case of a step-down subsidiary company, its management is confident as regards the final outcome of disputed service tax demand of Rs. 1,843.77 lacs and hence no provision for the same is accounted as on March 31, 2024 (Refer note 53A).
4. In the case of two subsidiaries, with regards to the memorandum of understanding entered into with parties / land aggregator for acquiring part of the rights in leasehold land / properties for development thereof, including advances granted aggregating to Rs. 5,662.00 lacs and amounts which are committed and the implications (example - forfeiture etc.), if the entities are not able to complete its obligations within the agreed timelines (Refer note 54E(1.11)).

In respect of matter covered in the above paragraphs (1), (3) & (4) attention has been drawn by us in our audit report since March 2022. Our opinion was not modified in respect of the above matters in earlier years also.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the Emphasis of Matter section above, we have determined the matter described below to be the key audit matter to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Consolidated Financial Statements section of our report including in relation to these matters.

Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

Key Audit Matter	How the matter was addressed in the audit
<p><u>Valuation of Inventory</u> (Refer Notes 2.9 and 15 to the Consolidated Financial Statements) Inventory consisting of projects under development have an aggregate value of Rs. 2,81,687.99 lacs as on March 31, 2024. These projects are under initial stage of development and the management estimates that net realizable value of these projects will be greater than the carrying cost based on the approved initial plans, future projections and future prospects of these projects. As on March 31, 2024, there is no significant progress in development activities of these projects. Considering the materiality of the amount involved and degree of management judgment in valuation, we have identified valuation of inventory as a key audit matter for the current year audit.</p>	<p>Procedures performed by us and the component auditors include, but were not limited to the following and relied upon by us as principal auditors:</p> <ul style="list-style-type: none"> • Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls for valuation of inventories. • Obtained valuation reports from independent valuer engaged by the management for projects Work-in-progress and evaluated the appropriateness of the underlying data, methodology applied by independent valuer and assumption given by the management for inventory valuation. • Verified, on test check basis, the project related expenditure incurred during the year and analysed the movement of project work-in-progress during the year. • We have compared the carrying value of inventories with their respective fair values. • We did not identify any significant exceptions to the management's assessment as regards to valuation and no adjustment is necessary for the purpose of the valuation. <p>(Also refer Emphasis of Matter paragraph 2 above)</p>
<p><u>Goodwill on consolidation</u> (Refer note 6 and 51 of the consolidated financial statements) Goodwill on consolidation as on March 31, 2024, is Rs. 54,858.00 lacs which was accounted by the Company in the current year pursuant to acquisition of two subsidiaries. Considering the materiality of the amount involved and degree of management judgment in valuation, we have identified goodwill on consolidation as a key audit matter for the current year audit.</p>	<p>Our procedures in assessing the management's judgement for the impairment assessment included, among others, the following:</p> <ul style="list-style-type: none"> • Read the valuation report on the said acquisitions including board & shareholder approvals. • Review of purchase price allocation report obtained by the management's external experts/valuer and accounting done pursuant to the same. • Impairment testing done at the year end. • Assessed the adequacy of the disclosures made in the financial statements. <p>Based on the above procedure no significant exceptions were noticed on the recording of goodwill on consolidation.</p>
<p><u>Investments made in and loans granted to associates and joint ventures</u> (Refer note 54A(3) to the Consolidated Financial Statements) The company has made investments in associates and joint ventures amounting to Rs. 71,731.55 lacs and has also granted loans amounting to Rs. 50,302.77 lacs as at March 31, 2024 at cost (Net of provision) Considering the materiality of the amount involved and degree of management judgement in valuation of investments and recoverability of loans and advances, this is considered to be a key audit matter for the current year audit.</p>	<p>Our audit procedures include:</p> <ul style="list-style-type: none"> • Review of the financial statements of the said associates & joint venture. • Discussion with the management as regards the status of the projects being developed by the said entities. • Review of agreements / arrangements entered into by the said entities with land owners / joint developers etc. • Review of reports of valuers with respect to fair valuation of its investments and loans to joint ventures and associates (including valuation reports / project profitability of underlying inventories under development) • Review of expected credit loss / impairment provision made by the management. • Based on our audit procedures as mentioned above we did not identify any significant exceptions to the management's assessment as regards recoverability of investments made and loans & advances given to subsidiaries, associates and joint ventures. <p>(Also refer Emphasis of Matter paragraph 2 above)</p>

Information other than the Consolidated Financial Statements and auditor's report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Holding Company's Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, as amended time to time.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associates and joint ventures and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Board of Directors of the Holding Company.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the Group and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and of its associates and joint ventures or to cease operations or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiary companies, associate companies and joint venture companies, which are companies incorporated in India, have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures-- and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures of which we are the independent auditors, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Consolidated Financial Statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated

Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

The Consolidated Financial Statements include the audited financial statements of twenty-six subsidiaries (including three step down subsidiaries) (including one step-down subsidiary w.e.f. March 29, 2024), whose financial Statements reflect Group's share of total assets of Rs. 6,33,303.58 lacs as at March 31, 2024, total income of Rs. 58,698.59 Lacs, total net profit of Rs. 1,105.63 Lacs and total comprehensive income of Rs. 1,123.96 lacs for the year ended March 31, 2024 and cash inflows (net) of Rs. 6,703.15 lacs for the year ended March 31 2024, as considered in the Consolidated Financial Statements, which have been audited by their respective independent auditors. The Consolidated Financial Statements also includes the Group's share of net (loss) after tax of Rs. (107.89) lacs and total comprehensive (loss) of Rs. (183.07) lacs for the year ended March 31, 2024, as considered in the Consolidated Financial Statements, in respect of one associate and sixteen joint ventures (including ten step down joint ventures), whose financial statement have been audited by their respective independent auditors. The independent auditors' reports on financial statement of these entities have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statement, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the reports of such auditors and the procedures performed by us as stated in paragraph above.

Our opinion on the consolidated Ind AS financial statements and our report on 'Other Legal and Regulatory Requirements' below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate Ind AS financial statements and the other financial information of subsidiaries, associates and joint ventures, as noted in the Other Matters section above we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books, read with our comments states in paragraph 1 (h) (vi) below on reporting under rule 11(g) of the Companies (audit and Auditors) Rule, 2014 and the reports of the other auditors;
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
 - d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under section 133 of the Act the Companies (Indian Accounting Standards) Rules, as amended;
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2024 and taken on record by the Board of Directors of the Holding Company and the audit reports of its subsidiary companies, associate companies and joint venture companies incorporated in India received from respective statutory auditors, none of the directors of the Group companies, its associates and joint ventures incorporated in India are disqualified as on March 31, 2024 from being appointed as a director in terms of section 164(2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, its subsidiary companies, its associate companies and joint venture companies incorporated in India and the operating effectiveness of such controls to the extent applicable, refer to our separate report in "Annexure I" to this report.

- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act. In our opinion and to the best of our information and according to the explanations given to us, the Holding Company has not paid any remuneration to its directors during the year except sitting fees to independent directors and non-executive directors accordance with the provisions of section 197(5) of the Act;
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Group has disclosed the pending litigations & disputes on its financial position (including its share in associates and joint ventures) in note 53A, 54A(4), 54B, 54C and 56.2 (D)(x) to the Consolidated Financial Statements. Further as per note 53A(14), the Group is a party to various litigation proceeding in normal course of business and the management does not foresee any adverse impact on its financial condition, results of operations or cashflows. For the purpose of said reporting, we have relied upon the opinion / confirmation received from the in-house legal team;
 - (ii) The Group, its associate companies and joint ventures did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, associate companies and joint venture companies incorporated in India;
 - (iv) The respective management of the Group, its associates and joint ventures has represented that,
 - a. no funds have been advanced or loaned or invested by the Group, its associates and joint ventures to or in any other person(s) or entities, including foreign entities ('Intermediaries'), with the understanding that the intermediary shall whether directly or indirectly lend or invest in other persons or entities identified in any manner by or on behalf of the Group, its associates and joint ventures ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of ultimate beneficiaries.
 - b. no funds have been received by the Group, its associates and joint ventures from any person(s) or entities including foreign entities ('Funding Parties') with the understanding that such Group, its associates and joint ventures shall whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party ('Ultimate Beneficiaries') or provide guarantee, security or the like on behalf of the Ultimate beneficiaries.

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that causes us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under a and b above, contain any material mis-statement. Also refer note 54E(1.1) to the Consolidated Financial Statements.

(v)The Holding Company, its associates and joint ventures has not declared or paid any dividend during the year. Hence, our comments on compliance with section 123 of the Companies Act, 2013 does not arise.

(vi)Based on our examination which included test checks and our reliance on the work done in the reports of other auditors and which included test checks, the Group, its associates and joint ventures has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the period from 12th April 2023 to 31st March 2024 for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As per proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 01, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. With respect to the matters specified in paragraphs 3 (xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by other statutory auditors for its subsidiaries, associates and joint ventures (to whom CARO is applicable) included in the Consolidated Financial Statements of the Company, we report that following are the qualifications or adverse remarks in the CARO reports in its subsidiaries, associates and joint ventures.

Annexure I to the Independent Auditor's Report for the year ended March 31, 2024

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section in our report of even date]

Report on the Internal Financial Controls over Financial Reporting under section 143(3)(i) of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of **Valor Estate Limited (Formerly known as D B Realty Limited)** ("the Holding Company"), its subsidiary companies (the Parent and its subsidiaries together referred to as "the Group"), its associate companies and joint venture companies as on March 31, 2024 in conjunction with our audit of the Consolidated Financial Statements for the year ended on that date.

In our opinion, subject to our comments read with Emphasis of Matter para below, the Companies included in the Group, its associate companies and joint venture companies, have in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by these companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI).

Emphasis of matter

Frequency of Internal audit of the Company needs to be further increased considering the size and nature of the business. Attention was also drawn by us in respect of the above matter in audit report since March 2022.

Our opinion on the internal financial controls over financial reporting is not modified in respect of the above matters.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls over Financial Reporting

The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of Holding Company, its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting of the Group, its associate companies and joint venture companies.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to financial statements to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to financial statements in so far as it relates to twenty two (22) subsidiary companies, one (1) associate company and three (3) joint venture companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of this matter.

1 Group Overview

Valor Estate Limited (formerly known as D B Realty Limited) (the "Company" or "Parent Company" or "Holding Company"), and its subsidiaries (the Parent and its subsidiaries together referred as "Group"), its associates and joint ventures are engaged primarily in the business of (i) real estate construction, development and other related activities and (ii) hospitality business. Further in real estate developments, the Group is focused on residential, commercial, retail and other projects, such as mass housing and cluster redevelopment. The Company is public company domiciled in India and was incorporated under the provisions of the Companies Act, 1956. The Company was initially incorporated in 2007 as a Private Limited Company and thereafter listed with National Stock Exchange and Bombay Stock Exchange on February 24, 2010. The Company has its principal place of business in Mumbai and its Registered Office is at 7th Floor, Resham Bhavan, Veer Nariman Road, Churchgate, Mumbai – 400020. The Company is jointly promoted by Mr. Vinod K. Goenka and Mr. Shahid Balwa.

With effect from March 8, 2024, name of the Company has been changed from D B Realty Limited to Valor Estate Limited, vide the 'Certificate of Incorporation pursuant to change of name' received from Ministry of Corporate Affairs.

Information on the Group's structure is provided in Note 55. Information on other related party relationship of the Group is provided in Note 57.

The consolidated financial statements were authorised for issue in accordance with a resolution of the Board of Directors on the May 29, 2024 in accordance with the provisions of the Companies Act, 2013 and are subject to the approval of the shareholders at the Annual General Meeting.

2 Material Accounting Policies Accounting Judgements, Estimates and Assumptions:**(A) Material Accounting Policies****2.1 Basis of Preparation and Measurement****(a) Basis of preparation**

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements.

The consolidated financial statements are presented in Indian Rupee ("INR"), the functional currency of the Group and all values are rounded to the nearest INR Lakh, except when otherwise indicated. Items included in the consolidated financial statements of the Group are recorded using the currency of the primary economic environment in which the Group operates (the 'functional currency').

(b) Basis of measurement

These consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy no. 2.11 regarding financial instruments). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

c) Principles of Consolidation:

(i) Subsidiaries

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31 March 2024. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment. Ind AS 12 'Income Taxes' applies to temporary differences that arise from the elimination of profits and losses resulting from intra-group transactions.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Statement of profit and loss balance (including other comprehensive income ('OCI')) is attributed to the equity holders of the Holding Company and to the non-controlling interest basis the respective ownership interests and such balance is attributed even if this results in controlling interests having a deficit balance.

(ii) Equity accounted Investees

- Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

- Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

- Joint Ventures

Interests in joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated balance sheet.

Further, investment in the debt instrument and preference shares of the associates and joint ventures are recognised at fair value through profit and loss in accordance with Ind AS 109 as per the option exercised by the Holding Company at the first time adoption of Ind AS.

- Equity method

Under the equity method of accounting, the investments are initially recognised at cost identifying any goodwill arising at the time of acquisition, as the case may be, which will be inherent in investment. The carrying amount of the investment is adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Gain or loss in respect of changes in other equity resulting in dilution of stake in the associates is recognised in the Statement of Profit and Loss.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

(iii) Business Combinations

In accordance with Ind AS 103, Group accounts for the business combinations using the acquisition method when control is transferred to the Group. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses. Any impairment loss for goodwill is recognised in the Statement of Profit and Loss. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in OCI and accumulated in equity as capital reserve if there exists clear evidence of the underlying reasons for classifying the business combinations as resulting in a bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities.

If a business combination is achieved in stages, any previously held equity interest in the acquiree is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the group (referred as common control business combinations) are accounted for using the pooling of interest method except in case control is transitory. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved and they appear in financial statements of the Group in the same form in which they appeared in the consolidated financial statements of the transferor entity. The difference, if any, between the consideration and the amount of share capital of the acquired entity is transferred to capital reserve.

2.2 Operating Cycle

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is considered as current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Group's normal operating cycle in respect of operations relating to the construction of real estate projects may vary from project to project depending upon the size of the project, type of development, project complexities and related approvals. Accordingly project related assets and liabilities have been classified in to current and non current based on operating cycle of respective project . All other assets and liabilities have been classified into current and non-current based on a period of twelve months.

2.3 Property, plant and equipment

Property, plant and equipment are recorded at their cost of acquisition, net of modvat/ cenvat, less accumulated depreciation and impairment losses, if any. The cost thereof comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost for bringing the asset to its working condition for its intended use. Subsequent expenditures relating to Property, plant and equipment are capitalised only when it is probable that future economic benefit associated with this, will flow to the company and the cost of the item can be measured reliably. Repair and maintenance cost are recognised in statement of profit and loss.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

Borrowing costs relating to acquisition / construction / development of tangible assets, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When significant components of property, plant and equipment's are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognised as separate asset. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Asset acquisitions and business combinations

Where asset is acquired, via corporate acquisitions or otherwise, management considers the substance of the assets and activities of the acquired entity in determining whether the acquisition represents the acquisition of a business. Where such acquisitions are not judged to be an acquisition of a business, they are not treated as business combinations. Rather, the cost to acquire the corporate entity or assets and liabilities is allocated between the identifiable assets and liabilities (of the entity) based on their relative fair values at the acquisition date. Accordingly, no goodwill or deferred tax arises.

2.4 Capital Work in Progress and Capital Advances

Expenses incurred for acquisition of capital assets outstanding at each balance sheet date are disclosed under capital work-in-progress. Advances given towards the acquisition of fixed assets are shown separately as capital advances under the head Other Non-Current Assets.

2.5 Depreciation

Depreciation on property, plant and equipment is provided on Straight Line Method in accordance with the provisions of Schedule II to the Companies Act, 2013 including depreciation on new sales office, which is considered as temporary structure and has been amortized over a period of four years on a straight line basis. The Management believes that the estimated useful lives as per the provisions of Schedule II to the Companies Act, 2013, are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.6 Intangible Assets and amortisation thereof

The cost relating to Intangible assets, with finite useful lives, which are capitalised and amortised on a straight line basis up to the period of three to five years, is based on their estimated useful life.

Subsequent expenditure related to item of intangible asset are added to its carrying amount when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets acquired in business combination include Licences/ contracts which are amortised over the following useful life Refer the note 7

2.7 Impairment of Non-Financial Assets

Carrying amount of tangible and intangible assets are reviewed at each Balance Sheet date. These are treated as impaired when the carrying cost thereof exceeds its recoverable value. Recoverable value is higher of the asset's net selling price or value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount receivable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal. An impairment loss is charged for when an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.8 Investment Property

Investment property is property held to earn rentals and / or for capital appreciation and are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on Investment Property is provided on Straight Line Method basis in accordance with the provisions of Schedule II to the Companies Act, 2013. The Management believes that the estimated useful life as per the provisions of Schedule II to the Companies Act, 2013, are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of investment property are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of investment property initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

The fair value of investment property is disclosed in the notes. Fair value is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

2.9 Inventories**Real Estate Inventories**

Inventories comprise of: (i) Finished Realty Stock representing unsold premises in completed projects (ii) Project Work-In-Progress representing properties under construction/development (iii) Raw Material representing inventory yet to be consumed and (iv) Transferable Development Rights.

Inventories other than raw material are valued at lower of cost and net realisable value. Raw Materials are valued at weighted average cost. Project work in progress cost includes cost of land/ development rights, materials, services, depreciation on assets used for project purposes and other expenses (including borrowing costs) attributable to the projects. It also includes any adjustment arising due to foreseeable losses.

Cost of Realty construction / development is charged to the Statement of Profit and Loss in proportion to the revenue recognised during the period and the balance cost is carried over under Inventory as part of either Project Work in Progress or Finished Realty Stock. Cost of Realty construction / development includes all costs directly related to the Project and other overheads incidental to the projects undertaken are incurred for the purpose of executing and securing the completion of the Project up to the date of receipt of Occupation Certificate of Project from the relevant authorities. The said cost is proportionately transferred to statement of Profit and Loss if revenue is recognised over a period of time.

Hospitality Inventories

Food and beverages

Stock of food and beverages are valued at lower of cost (computed on a moving weighted average basis, net of taxes) or net realizable value. Cost includes all expenses incurred in bringing the goods to their present location and condition.

Stores and Operating Supplies

Hospitality related operating supplies are valued at lower of cost (computed on a moving weighted average basis, net of taxes) or net realizable value and are expensed as and when purchased.

2.10 Revenue Recognition

The Group derives revenues primarily from sale of properties. The Group follow Ind AS 115 Revenue from Contract with Customers which recognise the revenue when performance obligation is satisfied by transferring a promised good or services.

i) Revenue from real estate projects

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

An entity transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time if one of the following criteria is met :

- (i) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs;
- (ii) the entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- (iii) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

In all other cases, performance obligation is considered as satisfied at a point in time.

The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party

Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in profit or loss immediately in the period in which such costs are incurred. Incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Impairment loss is recognised in profit or loss to the extent the carrying amount of the contract asset exceeds the remaining amount of consideration that the Company expects to receive towards remaining performance obligations (after deducting the costs that relate directly to fulfil such remaining performance obligations). The Company recognises impairment loss on account of credit risk in respect of a contract asset using expected credit loss model on similar basis as applicable to trade receivables.

The cost in relation to granting development right of the land is charged to the Statement of Profit and Loss in proportion to the revenue recognised during the period in respect of contracts recognised and the balance cost to fulfil the contracts is carried over under other current assets. Impairment loss is recognised in the Statement of Profit and Loss to the extent carrying amount exceeds the remaining amount of consideration of the contracts entered into with the customers as reduced by the costs that have not been recognised as expenses.

(ii) **Rooms, food and beverage & banquets**

Revenue is recognised at the transaction price that is allocated to the performance obligation. Revenue includes room revenue, food and beverage sale and banquet services which is recognised once the rooms are occupied, food and beverages are sold and banquet services have been provided as per the contract with the customer.

(iii) **Membership fees**

Membership fees income is earned when the customer enrolls for membership programs. In respect of performance obligations satisfied over a period of time, revenue is recognised at the allocated transaction price on a time-proportion basis.

(iv) **Space and shop rentals**

Rentals basically consists of rental revenue earned from letting of spaces for retails and other activities at the property. These contracts for rentals are generally of short term in nature. Revenue is recognized in the period in which services are being rendered.

- (v) Revenue in respect of services is recognised on an completion basis, in accordance with the terms of the respective contract as and when the Group satisfies performance obligations by delivering the services as per contractual agreed terms.

(vi) **Revenue from lease rental income**

Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term, unless there is another systematic basis which is more representative of the time pattern of the lease.

(vii) **Interest Income**

For all financial instruments measured at amortised cost, interest income is measured using the Effective Interest Rate (EIR), which is the rate that exactly discounts the estimated future cash flows through the contracted or expected life of the financial instrument, as appropriate, to the net carrying amount of the financial asset.

- (viii) Cancellation / termination fees is recognised in the statement of profit and loss as per the terms of the arrangement on accrual basis.

2.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

Initial Recognition and Measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortized cost
- Financial assets measured at fair value through other comprehensive income (FVOCI)
- Financial assets measured at fair value through profit and loss (FVTPL)

Financial Assets at Amortized Cost

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and any fees or costs that are an integral part of the EIR.

Financial Assets at FVTOCI

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- Business model test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at FVTPL

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

All financial assets other than amortised cost and FVTOCI are measured at fair value through profit or loss.

Equity Instruments at FVTOCI

For equity instruments not held for trading, an irrevocable choice is made on initial recognition to measure it at FVTOCI. All fair value changes on such investments, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale or disposal of the investment. However, on sale or disposal the group may transfer the cumulative gain or loss within equity.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's statement of financial position) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either;
 - a. the Group has transferred substantially all the risks and rewards of the asset, or
 - b. the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the Group retains substantially all the risks & rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset & also recognised a collateralised borrowings for the proceeds received.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

Impairment of financial assets

The Group applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposures:

- Fair Value through other comprehensive income.
- Financial assets at amortized cost.
- Financial guarantee contracts.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under this approach the Group does not track changes in credit risk but recognizes impairment loss allowance based on lifetime ECLs at each reporting date. For this purpose the Group uses a provision matrix to determine the impairment loss allowance on the portfolio of trade receivables. The said matrix is based on historically observed default rates over the expected life of the trade receivables duly adjusted for forward looking estimates.

For recognition of impairment loss on other financial assets and risk exposures, the Group determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month expected credit loss (ECL) is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the group reverts to recognizing impairment loss allowance based on 12-month ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

(ii) Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent Measurement

This is dependent upon the classification thereof as under:

- (i) At Amortised Cost
- (ii) At Fair value through Profit & loss Account

Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

(iii) Offsetting of Financial Instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise an asset and settle the liabilities simultaneously.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

(iv) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity in accordance with the substance of the contractual arrangements. These are recognized at the amount of the proceeds received, net of direct issue costs.

(v) Compound Financial Instruments

These are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements.

On the date of the issue, the fair value of the liability component is estimated using the prevailing market rate for similar non-convertible instruments and recognized as a liability on an amortized cost basis using the EIR until extinguished upon conversion or on maturity. The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole and recognized as equity, net of the tax effect and remains in equity until the conversion option is exercised, in which case the balance recognized in equity will be transferred to another component of equity. If the conversion option remains unexercised on the maturity date, the balance recognized in equity will be transferred to retained earnings and no gain or loss is recognized in profit or loss upon conversion or expiry of the conversion option.

Transaction costs are allocated to the liability and equity component in proportion to the allocation of the gross proceeds and accounted for as discussed above.

(vi) Effective Interest Method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

2.12 Employee Benefits**(i) Short term employee benefits**

Short term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Post Employment Benefits**Defined contribution plans**

The defined contribution plan is post employment benefit plan under which the Company contributes fixed contribution to a government administered fund and will have no legal or constructive obligation to pay further contribution. The Company's defined contribution plan comprises of Provident Fund and Labour Welfare Fund. The Company's contribution to defined contribution plans are recognised in the statement of profit and loss in the period in which the employee renders the related services.

Defined benefit plans

Provision for Gratuity is recorded on the basis of actuarial valuation certificate provided by the actuary using Projected Unit Credit Method.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss. Net interest expense / (income) on the defined liability / (assets) is computed by applying the discount rate, used to measure the net defined liability / (asset). Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Compensated Absences

Group's liability towards compensated absences is determined by an independent actuary using Projected Unit Credit Method. Past services are recognised on a straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of the estimated future cash flows using a discounted rate that is determined by reference to the market yields at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation. Accumulated leave which is expected to be utilised within the next 12 months is treated as short term employee benefit and is shown under current provision in the balance sheet.

CIN: L70200MH2007PLC166818

Employee Share Based Payments

Share Based Payments Equity-settled share based payments to employees of the Group are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share based payments transactions are set out in note 40 and note 46.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

In case of Group equity-settled share-based payment transactions, where the holding Company grants stock options to the employees of its joint ventures and associates, the holding Company has accounted cost of share based payment as recoverable from the joint venture and associates under intragroup repayment arrangement with a corresponding credit in the other equity.

2.13 Leases

As a lessee

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Group has elected not to recognize right of use asset and lease liability for low value asset and short term leases. The Group has recognized the lease payment associated with these leases as an expense on straight line basis over the lease term.

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprise of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date net of lease incentive received, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. The lease liability is measured at amortised cost using the effective interest method.

Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

As a Lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.14 Foreign currency transactions and translation

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.15 Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are considered as a part of cost of such assets less interest earned on the temporary investment. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are charged to Statement of Profit and Loss in the year in which they are incurred.

2.16 Taxes on Income

Income Tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in Equity or in Other Comprehensive Income.

(i) Current Income Taxes

Current tax is the expected tax payable/receivable on the taxable income/loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to Income tax is included in current tax expense.

(ii) Deferred Taxes

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except, when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

(iii) Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which give rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax after the specified years. Accordingly, MAT is recognised as an asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefits associated with it will flow to the Group.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

2.17 Provisions and Contingent Liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

When the Group expects some or all of a provision to be reimbursed, the same is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are not recognised in the consolidated financial statements if the inflow of the economic benefit is probable than it is disclosed in the consolidated financial statements.

Both provisions and contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognized but are disclosed in the notes.

2.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for events including a bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.19 Cash and Cash Equivalent

Cash and cash equivalent for the purpose of Cash Flow Statement comprise cash at bank and in hand and short term highly liquid investments which are subject to insignificant risk of changes in value.

2.20 Cash Flow Statement

Cash Flow Statement is prepared under the "Indirect Method" as prescribed under the Indian Accounting Standard (Ind AS) 7 —Statement of Cash Flows. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.21 Commitments

Commitments are future liabilities for contractual expenditure. The commitments are classified and disclosed as follows:

- (a) The estimated amount of contracts remaining to be executed on capital accounts and not provided for; and
- (b) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of the Management.

2.22 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker regularly monitors and reviews the operating result of the whole Company as two segments viz 'Real Estate Development' and 'Hospitality'

The segments 'real estate business' and 'hospitality business', which are characterised by their different business activities, industry, separate operating teams, separate chief operating decision makers, the availability of discrete financial information and considering the overall Group's corporate structure of conducting most of its business through separate special purpose vehicles. (Also Refer Note 48)

2.23 Non-current Assets Held for Sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through sale rather than through continuing use and the sale is highly probable. Management must be committed to the sale, which should be expected within one year from the date of classification. The criteria for held for sale classification is regarded as met only when the asset is available for immediate sale in its present condition, subject to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset to be highly probable when:

- i) The appropriate level of management is committed to a plan to sell the asset,
- ii) An active programme to locate a buyer and complete the plan has been initiated,

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

- iii) The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- iv) The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- v) Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised. Gains and losses on disposals of such assets held for sale are determined by comparing proceeds with carrying amounts, and are recognised in the statement of profit and loss.

2.24 Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If the receivable is expected to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business, if longer), they are classified as current assets, otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component or pricing adjustments embedded in the contract.

Loss allowance for expected life time credit loss is recognised on initial recognition.

(B) Material Accounting Judgements, Estimates and Assumptions:

The preparation of consolidated Financial Statements is in conformity with the recognition and measurement principles of Ind AS which requires the management to make judgements for estimates and assumptions that affect the amounts of assets, liabilities and the disclosure of contingent liabilities on the reporting date and the amounts of revenues and expenses during the reporting period and the disclosure of contingent liabilities. Differences between actual results and estimates are recognized in the period in which the results are known/materialize.

(i) Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

- a) Assessment of the status of various legal claims and other disputes where the Group does not expect any material outflow of resources and hence these are reflected as contingent liabilities. (Refer Note 53)
- b) In several cases, assessment of the management regarding executability of the projects undertaken. (Refer Note No. 15.1)
- c) Assessment of the recoverability of various financial assets.

(ii) Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Project estimates

The Group, being a real estate development Group, prepares budgets in respect of each project to compute project profitability. The major components of project estimate are 'budgeted costs to complete the project' and 'budgeted revenue from the project. While estimating these components various assumptions are considered by the management such as (i) Work will be executed in the manner expected so that the project is completed timely (ii) consumption norms will remain same (iii) Estimates for contingencies and (iv) price escalations etc. Due to such complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(b) Impairment of Non Financial Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the assets recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

(c) Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about the risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs for impairment calculation. Based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(d) Deferred Tax Assets

In assessing the realisability of deferred income tax assets, management considers whether some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible.

Management considers the scheduled reversals of deferred income tax Assets, projected future taxable income. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the Group will realize the benefits of those deductible differences.

The Group has not recognised Deferred tax assets on unrealised tax losses and credits, unabsorbed depreciation considering no reasonable certainty on reversal of deferred tax assets on prudence basis in near future.

(e) Fair value measurements

When the fair values of the financial assets and liabilities recorded in the Balance Sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market wherever possible, but where this is not feasible, a review of judgement is required in establishing fair values. Any changes in assumptions could affect the fair value relating to financial instruments.

(f) Impairment testing for Goodwill on consolidation

Impairment testing is an area involving management judgement, requiring assessment as to whether the carrying value of assets can be supported by the net present value of future cash flows derived from such assets using cash flow projections which have been discounted at an appropriate rate. In calculating the net present value of the future cash flows, certain assumptions are required to be made in respect of highly uncertain matters including management's expectations of realisation from the projects.

2.25 New Ind AS & amendments to existing Ind AS issued but not effective as at 31st March, 2024

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

9.1 During the year, the Company has made an impairment provision of Rs. 122.85 lacs (previous year Rs. 722.21 lacs) with respect to other investments. The assessment was made based on the future estimates of profitability and cash flows from the projects undertaken by the said entities. The impairment loss is charged to Profit and Loss account in other expenses. The key assumptions in the impairment test included the future realisable value of the underlying assets and the timing of their disposal.

9.2 2,470,600 (Previous Year: 2,470,600) shares of Series A 0.002% Redeemable Optionally Convertible Cumulative Preference Shares ("ROCCPS") and 29,415 (Previous Year: 29,415) shares of Series C 0.002% ROCCPS of MDHRPL which are held by the Holding Company have been handed over to Enforcement Directorate (ED) under PMLA case. 10.1 There are no Loans and advances due by directors or other officers of the Group or any of them either severally or jointly with any other persons or amounts due by Firms or Private Companies respectively in which any director is a partner or a director or a member.

10.2 Notes on Judgement Debtors / Debts due on assignment

One of the subsidiary, in the year ended 31st March, 2016 had, acquired certain debts and all the rights, title and interest in and to the debts along with the Underlying Security Interest from Yes Bank Limited by way of assignment by executing Deed of Assignments. Consequently, the original borrowers were reflected in accounts as debts due to the subsidiary company on assignment. Pursuant to certain disputes that had arisen between the parties, the parties had filed Consent Terms dated September 19, 2017 before the Hon'ble Bombay High Court.

Thereafter, under another Assignment Agreement dated May 29, 2018, the subsidiary company acquired another debt from Suraksha Asset Reconstruction Private Limited. This debt is also subject matter of the said Consent Terms. Since the said Consent Terms were not adhered to, the subsidiary company had filed an execution application before the Hon'ble Bombay High Court praying, inter alia, that the Court Receiver be appointed. The High Court has appointed the Court Receiver and directed to take possession of the assets of the judgement debtors (which includes the said properties) and also for sale of the assets and recovery of the debts due and payable by the debtors to the subsidiary company. Accordingly, in these accounts, the subsidiary Company's claims have been classified as "Judgement Debtors" (Secured) at their fair value through profit or loss as the said financial assets do not satisfy the criteria to measure the same at amortised cost or at FVTOCI.

The fair values of the underlying security/assets are significantly greater than the carrying value.

10.3 During the current year, the Holding Company has advanced an interest bearing loan of Rs 24,000.00 lacs (Previous year Rs. 600.00 lacs) to one of its joint ventures, Pandora Projects Private Limited. The same has been invested by the joint venture in a real estate project.

10.4 In December 2020, One of the subsidiary company took over a debt from P-One Infrastructure Private Limited for Rs. 19,339.12 Lacs, funded by its holding company. Initially, the repayment was linked to sales performance, but from April 18, 2023, it accrued interest until June 2023. The loan and interest were fully recovered this year.

10.5 Two subsidiaries of the Group viz, DB View Infracon Private Limited and Neelkamal Realtors Towers Private Limited have granted interest free unsecured loan to joint venture i.e., Bamboo Hotel and Global (Delhi) Private Limited to fund its project. Construction activities are in progress and the said interest free unsecured loan is considered as good for recovery (also refer note 54A(6)).

15.1 Notes relating to Project Work in Progress (Refer Note 54)

In respect of real estate projects (Construction work in progress) aggregating to Rs. 2,81,687.99 lacs (Previous year Rs. 2,44,343.65 lacs) stage of completion, projections of cost and revenues expected from project and realization of the construction work in progress / advances have been determined based on management estimates ,which is being relied upon by the auditors. In respect of real estate project (Construction work in progress) which are at initial preparatory stage [i.e. acquisition of land / development rights], realization of the construction work in progress and advances for project / compensation have been determined based on management estimates of commercial feasibility and management expectation of future economic benefits from the project. These estimates are reviewed periodically by management and revised whenever required. The consequential effect of such revision is considered in the year of revision and in the balance future period of the project. These estimates are dynamic in nature and are dependent upon various factors like eligibility of the tenants, changes in the area, approval and other factors. Changes in these estimates can have significant impact on the financial statement of the Company and its comparability with the previous year, however quantification of the impact due to change in said estimates cannot be quantified.

Additionally, during the current year the Company has carried out a fair valuation of its inventories through valuers. Based on the valuation reports and the management assessment,the underlying value is greater than the carrying value of inventories and are consequently good for recovery (Also refer note 54A(3)).

- 15.2 Refer Note 26.2 for charges created on 345 units under construction for borrowings made by the subsidiary. Further, 18 units under constructions are provided as security for borrowings made by Radius.

26.5 Pursuant to acquisition of Goan Hotels & Realty Private Limited (Refer Note 51A), the subsidiary companies had taken a loan from J C Flower & Co

In the pre acquisition period, Goan had outstanding borrowings from Yes Bank Limited, which were further assigned the loan alongwith all its rights to an asset reconstruction company (ARC). Consequently, the securities vest with the ARC. The entire amount due to the ARC, pending consideration of the Goan Hotel's request for reschedulement of the terms of repayment, rate of interest and other terms, was classified as overdue amount. The subsidiary company continues to pay the instalments as per the reschedulement proposal submitted to the ARC.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

Post acquisition period, ARC through an email correspondence, has provided in-principal confirmation subject to committee approval. The Group is confident for the positive outcome of the proposal for reschedulement, based on which the current maturity has been classified as part of current financial liabilities - borrowings.

Pending final approval of proposal, the entire principal amount and accrued interest is classified as "Non-current financial liabilities - borrowings" and "Non-current Financial Liability" respectively, based on the proposed rescheduling, current maturity has been classified as part of current financial liabilities - borrowings. The necessary reclassification(s) shall be made on according of final approval by the ARC.

Security:

Advance received from Customers (refer note 54B(1.2))	64,028.70	48,200.18
(b) Others		
Statutory dues (refer note 33.1)	6,921.68	7,109.68
Total	70,950.38	55,309.86

33.1 Statutory dues payable includes property tax amounting to Rs. 183.24 lacs (Previous Year Rs. 167.24 lacs) relating to one of subsidiary viz, Esteem Properties Private Limited, for which the Property Owners' Association has challenged the constitutional validity of the amendment to the Mumbai Municipal Corporation Act, 1888 regarding levy of Property Tax. In an Interim Order, the Hon'ble High Court of Bombay has directed MCGM to accept for all the owners whether or not they are party to the Writ Petition, taxes as per old regime and 50% of the differential amount as per the old and new rates. One of the subsidiary company has provided for the demand as per new rates subject to its rights that shall emanate from the Hon'ble High Court Order. Accordingly, if the outcome is in favour, then, the excess amount of provision shall be written back or otherwise, said subsidiary will have to pay the demand for the property tax including interest.

33.2 In respect of one subsidiary MIG (Bandra) Realtors and Builders Private Limited, during the year based on an opinion from a consultant the GST liability of Rs. 1,277.15 lacs which was provided for during the year ended March 31, 2022 are not required to be payable. Accordingly the same has been reversed as "Liabilities no longer required to be payable".

33.3 In respect of one subsidiary MIG (Bandra) Realtors and Builders Private Limited, the Group believes that its existing provision for property tax is sufficient to cover liabilities up to March 31, 2024, based on the Supreme Court's decision on Capital Value-based tax based on the situation "in praesenti". Therefore, the Group has decided not to make any additional provision for property tax in the current year.

VII. Quantitative sensitivity analysis for significant assumption is as below

Sensitivity analysis indicates the influence of a reasonable change in certain significant assumptions on the outcome of the Defined Benefit Obligations (DBO) and aids in understanding the uncertainty of reported amounts. Sensitivity analysis is done by varying one parameter at a time and studying its impact.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

(Rs. In lacs)

1 Present value of defined benefits obligation at the end of the year

Particulars	Gratuity (Un-Funded)	
	Year ended March 31, 2024	Year ended March 31, 2023
One percentage point increase in discount rate	(733.64)	(324.67)
One percentage point decrease in discount rate	840.20	336.30
One percentage point increase in salary rate	828.98	333.24
One percentage point decrease in salary rate	(738.40)	(327.10)
One percentage point increase in withdrawal rate	468.39	331.21
One percentage point decrease in withdrawal rate	(468.56)	(329.06)

2 The sensitivity analysis presented above may not be representative of the actual change in the defined obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some assumption may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the project unit credit method at the end of the reporting period, which is same as that applied in calculation of defined benefit obligation liability recognised in the balance sheet.

3 Sensitivity analysis is done by varying one parameter at a time and studying its impact.

VII. Risk Exposure and Asset Liability Matching

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as companies take on uncertain long term obligations to make future benefit payments.

1 Liability Risks
a. Asset-liability Mismatch Risk -

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the Group is successfully able to neutralize valuation swings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk -

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk -

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

2 Unfunded Plan Risk

This represents unmanaged risk and a growing liability. There is an inherent risk here that the Company may default on paying the benefits in adverse circumstances, Funding the plan removes volatility in company's financials and also benefit risk through return on the funds made available for the plan.

Notes:

The obligation towards Gratuity is unfunded and therefore, the following disclosures are not given:

- Reconciliation of Opening and Closings Balance of fair value of plan assets.
- Details of Investments

C Other long term employee benefit

The obligation of compensated absences is provided for on actuarial valuation by an independent valuer and the same is unfunded. The amount debited / (recognized) in the Statement of Profit and Loss for the year is Rs. 4.13 Lacs (Previous Year: Rs. 6.90 lacs).

48 Segment Reporting:

(A) Basis of Segment

Pursuant the acquisition of interests in the Hospitality sector during the year and the strategic decision taken by the Company following the raising of the qualified institutional placement of equity to inter alia expand its Hospitality operations, the Company has now identified two reportable operating segments in Consolidated financial statements. The segments are “real estate business” and “hospitality business”, which are characterised by their different business activities, industry, separate operating teams, separate chief operating decision makers, the availability of discrete financial information and considering the overall Company’s corporate structure of conducting most of its business through separate special purpose vehicles.

Accordingly, during the year, the Company has updated its reportable business segments as (i) real estate business and (ii) hospitality business. Since the Company has acquired investment in hospitality business during the year, figures for the year ended 31st March, 2023 are not comparable.

(B) Geographical Information

54A(4) Legal matters involving cases filed by Investigating Authorities, against which the Company has received acquittal order(s) from the Special Court, have pending appeals before the Delhi High Court, with no developments during the year.

54A(5) Managerial remuneration:

54A(5.1) In view of inadequate profit during the current and previous year, the Holding Company has not paid any managerial remuneration to any managing director in both years.

54A(5.2) Sitting fees amounting to Rs. 11.80 lacs (Previous Year Rs. 9 lacs) have been paid to the independent directors and non-executive director of the Holding Company in compliance with section 197(5) of the Companies Act, 2013.

54A(6) The Group Company is engaged in the business of providing infrastructural facilities and therefore, by virtue of section 186(11)(a) of the Act, read with sub-section (7) of the said section, it is not mandatory to charge interest. Accordingly, it has not charged interest on the loans given to some of the parties.

54B Project status / matters stated in the notes of Subsidiary entities (including details of litigations)**54B(1) "Ten BKC", Project**

MIG (Bandra) Realtors & Builders Private Limited (a wholly owned subsidiary of Valor Estate Limited) ("MIG") is a real estate development Company and has entered into a Development Agreement with Middle Income Group Co-Operative Society Limited, Bandra East, Mumbai (Society) to redevelop the property. The Project to be called as "Ten BKC". MIG had entered into an agreement dated 31st March, 2016, with Radius Estates and Developers Private Limited (Radius), wherein the responsibilities of both the parties were defined with respect to the construction and development of the project. There were inter-se disputes with MIG which have been settled by entering into consent terms dated 27.12.2021. Meanwhile due to default in repayment of dues of loan by Radius, NCLT, based on petition filed the lender initiated insolvency and bankruptcy proceedings against Radius. In view of these factors and the Master Facility Agreement entered into by MIG, in terms of its agreement with Radius can exercise the right to step-in for the development of the project.

54B(1.1) Master Facility Agreement

MIG has entered into a Master Facility Agreement (MFA) dated 28th December, 2021 with Adani Goodhomes Private Limited (Adani) whereby Adani has sanctioned loan of Rs.1,30,000.00 lacs out of which Rs. 75,000.00 lacs would be granted to Radius and Rs. 52,500.00 lacs to the MIG for fulfilment of their respective obligations. The agreement also provides for Adani to manage the project for which it is entitled for agreed fee. As upto 31st March, 2024, MIG has received Rs 43,434.09 lacs (Previous Year Rs 48,212.60 lacs) from Adani pursuant to the MFA which has been used against payment of approval cost to MHADA and settlement of claims. The MFA provides for the understanding for the completion of the project including the cost to be borne by MIG and Radius, the interest on loan, the fee for managing the project, etc.

The future profitability of the project and estimated realisable value is computed after considering the estimate cost reduction based on arrangement entered.

54B(1.2) Revenue from Operations and incurrence of Costs for “TEN BKC” project

54B(1.2)(a) In terms of its arrangement with Radius, the construction work will not be the responsibility of MIG. MIG has already provided for majority of the cost which it has to incur. Based on the said parameters, MIG as upto 31st March, 2021 had analysed the various contracts entered into with the customers and had taken the following judgements:

- (i) Contracts which give an option to the customers for cancellation, do not satisfy the performance obligations over time. Therefore, in respect of these contracts, the amounts received are carried forward as sales consideration pending recognition and the cost attributable to these contracts are carried forward as part of project work-in-progress.
- (ii) In respect of arrangement entered into with Radius, in the year ended March 31, 2019, as it involved relinquishment of MIG’s saleable area, performance obligations had satisfied and consequently revenue therefor was recognized in its entirety and the related cost there against was charge off in the statement of profit and loss. However, in respect of certain flats pending release of charge by a bank on account of loans taken by the group companies, effect of the arrangement was not given and consequently the amounts were reflected as sales consideration pending recognition/compensation payable and the corresponding cost in respect thereof formed part of project work-in-progress. However during earlier year, these amounts were reversed and accordingly as of March 31, 2024 there is no unappropriated amount against sale of flats to Radius.
- (iii) In terms of the development agreement with Society, MIG had also given option to the members for acquiring additional area at subsidized rates. Therefore, it does not represent revenue from operations but is part of the arrangement for obtaining the rights from society and hence, the consideration amount receivable in its entirety has been reduced from the project expenses and corresponding adjustment has been given in provision for hardship compensation in earlier years.
- (iv) In respect of balance contracts, the terms whereof satisfies the performance obligations over the time. Accordingly, revenue therefrom has been recognized using output method and the cost attributable to the revenue so recognized has been charged off to the statement of profit and loss. The balance cost is carried forward as project work-in-progress.

54B(1.2)(b) However, from FY 2021-22, the management of MIG, considering the various factors relating to the project such as disputes with society, bankruptcy of Radius, stoppage of work, execution of project through Adani whereby MIG has no control on the construction activities carried on by Adani, has framed an opinion that all the contracts with the customers will henceforth satisfy the performance obligations only on completion of the project. Hence, the balance revenue from the contracts for which part revenue has been recognised to the statement of profit and loss and the revenue from other contracts executed / to be executed shall be recognised upon completion of the project. Accordingly, the amounts received / receivable from customers are/shall be carried forward as ‘sales consideration from customers, pending recognition’ and the related cost are/shall be carried forward as ‘project work in progress’.

54B(2) In respect of Orchid Ozone (Dahisar) Project in one of its Subsidiary Neelkamal Realtors Suburban Private Limited (NRSPL)

Land Cost:

54B(2.1) The Land on which NRSPL is developing its Project has been acquired by NRSPL on its own account as well as under joint venture agreements. As per the joint venture agreements, NRSPL has to handover agreed constructed area free of cost which represents land cost and the provision made therefore, including movement there against is as under.

	(Rs in lacs)	
Estimated construction cost referable to the saleable area to be provided by NRSPL free of cost to the respective party	As at 31st March 2024	As at 31st March 2023
Amount Provided	2011.65	2011.65
Less: Amount Paid / Cost of Construction allocated	1811.65	1811.65
Outstanding amount of provision	200.00	200.00

54B(2.2) Compensation Payable of Rs. 105.00 lacs

In terms of Joint Development Agreement, NRSPL was liable to pay compensation of Rs. 20.00 lacs per month for the delay in giving possession and accordingly, as upto March 31, 2013, it paid compensation aggregating to Rs. 425.00 lacs; however, no recognition was made thereafter. In the year ended 31st March, 2016 a settlement was reached for Rs. 305.00 lacs as the final compensation payable, whereby Rs. 200.00 lacs paid as interest free performance deposit was adjusted and the balance amount of Rs. 105.00 lacs, was payable on or before March 31, 2017, which has remained unpaid. NRSPL does not expect any additional outflow and hence, no provision is considered necessary to be provided for additional compensation / interest for delayed payment.

54B(2.3) NRSPL had entered into an arrangement with the Mumbai Metropolitan Region Development Authority (MMRDA), wherein it has agreed to construct residential complex of self-contained tenements and provide land, in lieu of the Rental Housing Scheme framed by MMRDA. In consideration thereof, MMRDA has provided additional Floor Space Index on the part of land on which NRSPL is developing and constructing its Project. Accordingly, the cost of construction thereof, represents land cost in the hands of the subsidiary Company. Provision in respect thereof has been made as under:

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

Particulars	(Rs in lacs)	
	As at 31st March 2024	As at 31st March 2023
Estimated construction cost referable to the residential complex		
Amount Provided	14,265.33	14,265.33
Less :Amount Paid/Cost of Construction allocated	8,022.70	8,022.70
Outstanding amount of provision	6,242.62	6,242.62

The Provision made for estimated cost of land is classified as short term, as the corresponding effect thereof is included in Project Work in Progress.

54B(2.4) NRSPL is legally advised that in respect of land forming part of the Project, possession for which has been obtained by execution of Joint Venture Agreement, the consideration in respect of which is to be discharged by way of handing over the agreed square feet of built up area, is not liable for stamp duty.

54B(2.5) NRSPL has filed amended plans under the Unified Development Control And Promotion Regulations For Maharashtra State (UDCPR) in connection with development of the land which has been rejected by Mira Bhayandar Municipal Corporation (MBMC) against which the company has preferred an appeal which is subjudiced.

54B(2.6) During the year, NRSPL lost certain RERA-related litigations, resulting in Rs. 110.48 lacs in court deposits being charged to the profit and loss statement. Additionally, there are pending cases with Rs. 104.90 lacs in court deposits. The management has estimated a compensation amount of Rs. 41.96 lacs for these cases and has made a corresponding provision in the financial statements.

There are other certain on-going litigations relating to the project, the outcome of which is unascertainable. NRSPL has decided to provide for the liability on its acceptance and does not expect the same to have any material adverse impact in its financial position.

54B(2.7) **Revenue from Operations and incurrence of Costs for “Orchid Ozone (Dahisar)” Project**

54B(2.7)(a) One of the project developed by Neelkamal Realtor Suburban Private Limited (NRSPL) has an estimated total project cost of Rs. 114,945.67 lacs (Previous Year: Rs. 114,945.67 lacs), against which it has incurred Rs. 1,01,004.85 lacs (previous year Rs. 99,202.02 lacs). The major component of project cost to be incurred is as under:

Particulars	(Rs in lacs)	
	As at 31st March 2024	As at 31st March 2023
Land cost represented by construction of rental housing (Refer Note 54B(2.3))	6,242.62	6,242.62
Unpaid land cost (Refer Note 54B(2.1))	200.00	200.00
Construction costs and overheads	7,498.19	9,301.02
Contingencies including cost to be incurred for rectification of defects		
Total	13,940.82	15,743.65

54B(2.7)(b) The above estimated total project cost is duly certified by the engineer of NRSPL.

54B(2.7)(c) The stage of completion of the Project is determined based on the proportion of the actual cost of construction as against the total estimated construction cost of project. Accordingly, excess of revenue recognised over actual bills raised has been classified as unbilled revenue. Further, based on expected realisation therefrom, the same has been bifurcated into non-current / current assets.

54B(3) **OM Metals Project**

In respect of one subsidiary company viz. Goregaon Hotel and Realty Private Limited (Goregaon), which is a partner in M/s Om Metal Consortium (“OMC”), which has been awarded a tender by MHADA for construction of Rehabilitation Tenements and Buildings after redevelopment of existing transit camp against which OMC is entitled for Free Sale Premises.

As per the terms of the Substituted and Restated Partnership Deed dated December 14, 2013 (Deed), Goregaon is admitted as a partner with 50% interest subject to it contributing Rs.6,000 lacs as a non refundable amount, out of which as up to year end Rs. 5,000 lacs has been contributed and balance Rs. 1000 lacs has not been paid by Goregaon due to a dispute that has arisen between the parties due to non-disclosure of a writ petition filed by Janshakti Welfare Society against MHADA and OMC [WP No. 1898 of 2013].

Further, in terms of the deed, the firm, Goregaon and the other partners of OMC has executed “Construction Agreement” setting out the rights and the obligations of Goregaon and the other partners of the group. As per the agreement, Goregaon is entitled for 50% of the Free Sale Premises and has to incur the costs detailed out therein (including the liabilities for direct/indirect taxes). Accordingly, the cost which are incurred as part of Goregaon’s obligation are allocated as Project Work in Progress in this account. Similarly, the amount of Rs.6,000 lacs, being non refundable contribution is also allocated to Project Work in Progress since it represents non-refundable outflow of resources in the hands of Goregaon for getting right in Free Sale Premises. Under the circumstances, the balance standing to partners’ capital account does not include that of Rs.5,000 lacs paid by Goregaon to OMC.

54B(4) **Orchid Corporate Park (Andheri) Project**

54B(4.1) In respect of one subsidiary Esteem Properties Private Limited (Esteem), as per terms of Consent Terms entered into with Air Inn Private Limited, Esteem was liable to re-imburse the liability that may devolve on account of pending suit before the Hon'ble High Court of Judicature of Bombay, which was disposed off during the earlier year, whereby Esteem became liable to re-imburse compensation of Rs. 150.00 lacs which was provided for, but has remained unpaid. [refer note 53(A) (6)]

54B(5) **Orchid View (Mumbai Central) Project**

54B(5.1) One of the subsidiary company, Neelkamal Shantinagar Properties Pvt. Ltd. (NSPPL) and Shankala Properties Pvt. Ltd. ("Shankala") entered in an Agreement dated 28.06.2006 to form Joint Venture ("JV") called 'Shree Shantinagar Venture'. NSPPL and Shankala has now entered into a Supplemental Deed of Joint Venture dated 16.10.2012 whereby the members have agreed to carry out substantive modification to the terms and conditions of the functionality of the JV. One of modification is that Shankala will now share the free sale premises to be constructed by the JV and the entire day to day control of the JV will now vest with NSPPL. Further, it has been agreed that the JV will pay a sum of Rs. 3,500 lacs in six equal monthly installments to Shankala from 16.10.2012 onwards. The share of Shankala in the Free Sale premises and the amount of Rs.3,500 lacs has been arrived at after adjusting / considering the capital amount of Rs.1,594.57 lacs. It has also been provided that in the event the JV fails to make the payment and/or give the agreed premises to Shankala the modifications as stipulated in the Supplemental Deed shall stand cancelled and both the members shall continue to be governed by the original deed of agreement dated 28.06.2006. Till date the JV has paid a sum of Rs. 1,100 lacs only to Shankala and Rs. 2,400 lacs is still payable to Shankala.

54B(5.2) **Present Status of Joint Venture:**

On the completion of the plinth, the Developer applied for CC beyond plinth. However, MCGM insisted on further Home Department NOC for grant of further CC beyond plinth. The same was challenged by the Developer in the High Court under Writ Petition (L) No. 790 of 2013. The High Court by its order dated 1st April, 2013 was pleased to direct the MCGM to re-consider the application of the Developer.

On 9th July 2013, the MCGM rejected the application for the Developer for further CC beyond plinth. In view of the letters dated 17 January 2013, 25 February 2013 and the rejection dated 9 July 2013, the MCGM effectively stayed the construction of the project.

The aforesaid letters dated 17 January 2013, 25 February 2013 and the rejection dated 9 July 2013, were challenged in the High Court by way of a Writ Petition No. 1734 of 2013 and the High Court was pleased to permit the construction of the Rehab Premises, however, the construction of the Sale Premises was not permitted and effectively the stay granted by the MCGM still stands.

Since the construction of the sale premises has been effectually stayed, there is no generation of cash flow from the Sale Premises.

The above event is a force majeure event and hence, the provisions of Clause 6 and 22 of the aforesaid Supplemental JV Agreement stand suspended and the obligations to make further payment and handover the Shankala Premises stands deferred till such time the stay on the construction of the Sale Premises is not lifted.

The Society has sought to terminate the Development Agreement and we have commenced Arbitration Proceedings and the Ld. Arbitrator has directed status quo to be maintained by the Society on the termination notice.

54B(6) **DB Baug (Mumbai Central) Project**

54B(6.1) N A Estates Private Limited (N A Estates) had earlier vacated the project site at Sukhlaji Street, Tardeo, Mumbai by paying compensation to the tenants for the 18 months. However, during the earlier year, the tenants were not paid any further compensation, instead they were relocated to the project site, as per representation received from management, the relocation is temporary and N A Estates intends to continue with the project.

54B(6.2) N A Estates has decided to develop the property situated at Sukhlaji Street, Tardeo, Mumbai vide its resolution dated 27.07.10 and accordingly transferred its investment in the said property (having a book value of Rs 497.26 lacs) to Inventory as project expense.

54B(7) **DB Acre (Mira Road) Project**

The Salt Department, Union of India had filed a petition and the partnership firm, M/s. Mira Real Estate Developers (Mira) has filed cross petitions towards their respective claim for exclusive title over the salt pan land. Though the matter is sub-judice, Mira is of opinion that it has a rightful claim over the ownership of the salt pan land and will be in a position to defend its title.

Mira is in possession of a land which it was holding as a lessee in respect of a lease which has expired during the year. The negotiations to renew this lease are ongoing with the authorities. The eventual lease classification as per IND AS-116 shall be ascertained once the renewed lease deed is executed. Further, no lease payments have been made during the year.

54B(8) The subsidiary Company, Nine Paradise Erectors Private Limited (Nine Paradise) has entered into a Agreement of Assignment dated 09.04.2010 towards acquiring 55% share in a property situated at Rippon Road, Cross Land, Madanpura, Mumbai Central, Mumbai admeasuring approximately 7,015.94 sq. meters with a intention to develop and construct Residential buildings. However the final rights of the property will get transferred only after the disposal of the suit pending before Bombay High Court. Considering the precedents in similar cases ,Nine Paradise is hopeful of favourable ruling in its favour.

54B(9) **In respect of one of its subsidiary Neelkamal Realtors Tower Private Limited (NRTPL):**

(a) **One Mahalaxmi Project**

During the Previous Year, NRTPL has entered into joint venture with Godrej Residency Pvt Ltd (GRPL) for development of its land parcel. In pursuance of the said transaction, the WOS has executed deed of conveyance in favour of GRPL for the agreed sale consideration. The loss of Rs 62,623.65 lacs after considering the carrying value of the land as also the liability on account of settlement with the lender has been accounted for during the previous year (details are tabulated below). Any future gain which is contingent on the market conditions would be accounted upon as and when the same is realised. The wholly owned subsidiary (WOS) has 49.99% stake in Godrej Residency Private Limited.

Particulars	Amount in lacs

54B(10) **Status on work order awarded to the one of subsidiary company (DB Contractors and Builders Private Limited) (DB Contractors)**

DB Contractors was awarded in the earlier year, a work order for "Design, Engineering & Construction of Substructure & Superstructure RCC Civil works, Civil Finishing works, Interior Finishing, Facades, Lifts, Electrical, Plumbing and Fire fighting works" for proposed Commercial Development project at Tata Colony, Bharat Nagar, BKC, Bandra (E), Mumbai 400 051 by Prestige (BKC) Realtors Private Limited (an Joint Venture company of the holding company). The total contract value excluding GST was Rs. 2,03,085.14 lacs which included mobilisation advance. DB Contractors had received mobilisation advance of Rs. 900.00 lacs.

During the previous year vide Termination Letter dated 14th March, 2023, the said work order was terminated and Rs. 1,062.00 lacs (including GST) was work certified towards construction services with no further claims.

54B(11) One of the step down subsidiary companies (Horizontal Ventures Private Limited) has granted development rights of its land along with other co-owners to Man Vastucon LLP (Man) whereby it is entitled to share the revenue as per agreed terms. In terms of Ind AS 115, the control of the asset (the land) stands with Man, which has launched various phases. Hence, to the extent of area embedded in the phases, there is a certainty of control of the land vesting with Man. In view of the same, the transaction price for the area embedded in the phases is estimated at probable realization of the area sold/unsold or the amount received as refundable security adjustable deposit whichever is higher. Based on this judgement, the revenue is recognised during the year ended March 31, 2024 of Rs. 227.93 lacs. On similar principles, revenue of Rs. 4,797.41 lacs was accounted for the year ended March 31, 2023.

54B(12) One of the subsidiary company, Goan Hotels & Realty Private Limited (Goan), has granted development rights of its land alongwith other co-owners to Man Vastucon LLP (Man) whereby it is entitled to share the revenue as per agreed terms. In terms of Ind AS 115, the control of the asset (the land) stands with Man, which has launched various phases. Hence, to the extent of area embedded in the phases, there is a certainty of control of the land vesting with Man. In view of the same, the transaction price for the area embedded in the phases is estimated at probable realization of the area sold/unsold or the amount received as refundable security adjustable deposit whichever is higher. Based on this judgement, the revenue is recognised during the year ended March 31, 2024 of Rs. 358.17 lacs. On similar principles, revenue of Rs. 3,019.95 lacs was accounted for the year ended March 31, 2023.

54C(1) Notes to financial statements of Dynamix Realty (Dynamix) are as follows:

54C(1.1) Notes to financial statements relating to property tax liability :

Dynamix disagrees with its responsibility for property tax on the land where it built the Project because the land was conveyed to the Municipal Corporation of Greater Mumbai (MCGM). Even though it made provisions for property tax until March 31, 2012, it hasn't paid Rs. 102.35 lacs (same as last year) in property tax. Further, according to agreements with both the SRA and MCGM, Dynamix isn't liable for property tax from April 2012 onward. Despite this, Dynamix paid Rs. 33.74 lacs (same as last year) under protest after April 2012. As a precaution, Dynamix has set aside funds for doubtful recovery, even though it believes it can recover this amount from MCGM.

54C(1.2) Dynamix still needs to hand over six buildings to the SRA, which requires fixing defects in both the buildings yet to be handed over and those already transferred. As of March 31, 2023, Dynamix set aside Rs. 2,508.69 lacs for anticipated rectification costs, with an additional provision of Rs. 446.52 lacs made during the current year. As of March 31, 2024, the total provision for rectification stands at Rs. 2,516.55 lacs. Additionally, due to delays in meeting obligations, the firm will incur delayed charges. Considering the anticipated timeline for completing these obligations by March 2025 in phases, the firm has set aside an estimated Rs. 1,025.10 lacs for delayed charges as of March 31, 2024.

54C(1.3) Currently, Dynamix Realty isn't active in any business except for fixing issues in the SRA Project. Their total assets amount to Rs. 9,818.37 lacs, out of which Rs. 8,576.64 lacs are under the PML Act (refer note no. 54C 1.4). The remaining assets, Rs. 1,241.73 lacs, aren't readily available funds, except for Rs. 2.18 lacs in cash and bank balance. In the next 12 months, the firm faces financial obligations totaling Rs. 4,217.84 lacs. Valor Estate Limited, as a partner, has committed to inject funds to cover these obligations and keep the firm operational..

54C(1.4) Attached under PML Act

Name of the party	As at 31st March 2024	As at 31st March 2023
Mystical Construction Private Limited (refer note below note)	4,691.00	4,691.00
UBS Dream Constructions Private Limited (refer note below note)	239.33	239.33
Balance at the end of the year	4,930.33	4,930.33

Dynamix has filed legal cases against these parties before the Hon' High Court of Bombay for recovery of outstanding amounts along with interest thereon, which are pending. Both the parties have disputed Dynamix's claim in this regard. In the opinion of the Dynamix the outcome of these cases would be in its favour and it shall be able to recover the same and accordingly, provision for doubtful debts/ expected credit losses is not considered necessary.

54C(1.5) The Company (Partner) has given an undertaking, whereby it has agreed to bear the loss if any on account of non / short realisation of assets as tabulated hereunder attached by the Directorate of Enforcement under the 2G Spectrum case and Money Laundering case. In view of the same, no provision is made for the expected credit loss.

Particulars	As at 31st March 2024	As at 31st March 2023
Trade receivables (refer note)	4,930.33	4,930.33
Balance with directorate of enforcement	3,487.21	3,487.21
Debit balance in Partner's account i.e. Eversmile Construction Company Private Limited & Conwood Construction and Developers Private Limited and (as its assets are also attached by the Directorate of Enforcement under the 2G Spectrum case and Money Laundering case)	159.10	159.10

The credit balance of The Company (Partner) is Rs. 5,593.03 lacs as on 31st March, 2024, which signifies funding of aforesaid assets to that extent.

54C(1.6) Rs. 212.46 lacs (Previous year: Rs. 154.00 lacs) of Goods and Service Tax, which the firm is of the opinion that set-off whereof as well as subsequent credits more particularly from vendors bills against defect liabilities, shall be utilised against GST liabilities that will arise from future business operations. Hence, as the GST balance does not lapse as per law and the management may commence new project/venture, the balance is carried forward for future set-off.

54C(2) Notes to financial statements of Worli Urban Development Project LLP (formerly known as Lokhandwala DB Prestige LLP) are as follows:

The project being at initial preparatory stage, realization of the project work-in-progress has been determined based on the partners estimates of commercial feasibility and the partners expectation of the future economic benefits from the project. These estimates have been prepared by the LLP and approved by the partners.

54D Other notes / matters stated in associated entities (consolidated as per Ind AS- 28)**54D(1) Notes to financial statements of DBS Realty are as follows:**

Notes to financial statement regarding property tax liabilities:

Contingent Liabilities:	As at March 31, 2024	As at March 31, 2023
Property Tax	18,084.86	18,084.86

During the earlier years, DBS Realty has received special notice from Municipal Corporation of Greater Mumbai (M.C.G.M) with regard to payment of property tax. In response to said notice DBS Realty has filed complaint to M.C.G.M stating that the said property belongs to Government of Maharashtra and therefore the assessment for property tax made on the firm is bad in law and void.

54D(1.2) Project Completion Status and Revenue Recognition

DBS Realty is developing and constructing buildings under SRA Scheme as per the relevant scheme of Slum Rehabilitation Authority in accordance with Development Agreement entered into between the Firm and SRA.

DBS Realty's performance does not create an asset with an alternative use to DBS Realty and in accordance with Development Agreement entered into between DBS Realty and SRA, DBS Realty has enforceable right to receive TDRs on achieving prescribed milestones and hence it has an enforceable right to payment for performance completed to date. Accordingly, DBS Realty meets the criteria for performance obligations being satisfied over of time and hence Revenue Recognition is done based on Percentage of Completion Method

Stop work notice by AAI:

The Airport Authority of India (AAI) had disputed the height of the SRA buildings and had denied permission for further construction. Further, they had ordered for demolition of the floors beyond a certain height.

The Hon'ble Supreme Court has directed the AAI to conduct fresh survey. While fresh survey was conducted, it did not take into account the shielding benefit as available under the regulations. Hence, fresh representation is made to AAI, to consider height approval with shielding benefit. The same is pending for approval. DBS Realty is hopeful of resuming the project after necessary permission from AAI and environmental clearances and other permissions is obtained

This has led to significant cost escalation of the project and there is high level of uncertainty surrounding project completion. The above facts curtails the entity in reasonably measuring its progress towards complete satisfaction of the performance obligation. Hence revenue recognition has been deferred..

54D(2) Notes to financial statements of D B Hi - Sky Constructions Private Limited (DB Hi-Sky) are as follows:

DB Hi-Sky has entered into a Development Agreement with the partners (except one) of a Firm on 05.04.2010 for acquiring their interest in development rights of leasehold land to the extent of 49.50% admeasuring approximately 22.5 acres equivalent to 91057.50 Sq. Meters at Mankhurd, Chembur for developing residential housing complex. The Firm's rights in leasehold land were under dispute for which it had filed appeal before Hon. Revenue Minister, which was disposed off and the Collector was directed to charge unearned income and delayed charges therefor towards regularising the transfer of leasehold land.

During the FY 21-22, an order dated 24th August, 2021 has been passed by the Collector, wherein:

- (a) It has been held that without prior permission of the State Government, 49.5% of the share in the land has been transferred to DB Hi-Sky; and
- (b) Demand aggregating to Rs. 4,751.47 lacs has been raised.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

CIN: L70200MH2007PLC166818

The aforesaid order is contested before the Additional Commissioner, Kokan Division, wherein it is prayed to quash the aforesaid order and demand notice as well as to direct the Collector to charge unearned income for the land as per section 295 of the Maharashtra Land Revenue Code, 1966 read with Government Resolution dated 14.06.2017 for vacant land admeasuring 25767.46 square meters.

DB Hi-Sky, in the financial year 2019-20, had provided estimated regularisation charges of Rs. 1,498.90 lacs and delayed charges thereof of Rs. 1,469.50 lacs and has decided to account for the additional charges and adjustment to the accounting treatment given for the amount so provided based on the outcome of the appeal.

Further, there is a pending suit before Hon' Bombay High Court, for dissolution of the Firm and determination of share of rights in leasehold land of each of the partner.

DB Hi-Sky expects favourable outcome in the aforesaid suit and accordingly, is of the opinion that the rights in plot of land can be sub-divided, whereby it would be in position to develop the land.

In view of the above factors and considering the inherent potential of the land, the project work-in-progress has been continued to be valued at cost.

Considering DB Hi-Sky's judgement that the land would be available for development, the financial statements of the company are continued to be prepared on a going concern basis.

Further both the joint venture partners of DB Hi-Sky have given their financial commitment to infuse funds to meet the it's financial obligations.

Notes:

55(C)(1) The said partnership firm has a SRA project by which it is entitled for two components of TDR viz. Land Component of TDR and Construction Component of TDR. The Partners of the firm have amended the terms of profits sharing ratio vide supplementary deed dated February 11, 2012 and accordingly, the said project is divided into two projects viz. a) Project I- Land component of TDR (Partners – Eversmile Construction Company Private Limited – profit/ loss sharing ratio of 99% and Conwood Construction and Developers Private Limited – profit / loss sharing ratio of 1%) and b) Project II – Construction component of TDR (Partners – Valor Estate Limited – profit/ loss sharing ratio of 50% and Eversmile Construction Company Private Limited – profit/ loss sharing ratio of 50%). Since, the holding company has share only in the profit/ loss in the Project II, the profit/ loss has been considered for the same on the basis of project wise break-up of the audited accounts.

55(C)(2) Since all the entities mentioned above are unlisted, quoted price is not available.

55(C)(3) Significant judgments and assumptions
55(C)(3.1) DB Realty and Shreepati Infrastructures LLP

Although the holding company has right to 60% of the profits of the said LLP, it does not have control over the entity as defined in Ind-AS 110. Thus, the said LLP, in spite of 60% share in the profit of the LLP, has not been treated as a subsidiary and has been consolidated as a Joint Venture as per Ind-AS 28.

55(C)(3.2) Milan Theatre Private Limited

The Group holds 32.76% (Previous Year - 32.76%) in the said Company through its subsidiary Horizontal Realty & Aviation Pvt. Ltd. The said subsidiary has impaired the value of investment in its books and thus the carrying value of investment in Milan Theatre Private Limited appearing in the consolidated financial statements is Nil.

55(C)(3.3) Sahyadri Agro and Dairy Private Limited

During the previous year, pursuant to the Hon'ble High Court order, equity shares of 16,56,995 has been transferred to the De-mat account of one of the Step-down subsidiary (Horizontal Ventures Private Limited) against receivables from the judgement debtors of the Group (Refer Note 10.2) . Such shares are treated as current investment considering the intention of the Subsidiary Company (DB View Infracon Private Limited) to not to hold and it is temporary in nature. Consequent to the same, the said entity is not consolidated in the group as a associate entity.

55(C) III Summarised financial information for associates and joint ventures which are material to the group

The table below provide summarised financial information for those joint ventures and associates which are material to the group. The information disclosed reflects the amount presented in financial statements of the relevant associates and joint ventures and not the Company's share of those amounts. They have been amended to reflect adjustments made by the entity when using the equity method, including fair value adjustments made by the entity when using the equity method, including fair value adjustments made at time of acquisition and modifications for differences in accounting policies.

Fair Value Hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are whether observable or unobservable and consists of the following three levels:

Level	Nature of Inputs
Level 1	Inputs are quoted prices (unadjusted) in active markets for identical assets and liabilities.
Level 2	Inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. prices) or indirectly (i.e. derived from prices).
Level 3	Inputs are not based on observable market data i.e. unobservable inputs. Fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Note: The investment included in Level 3 of fair value hierarchy has been valued using the various method including cost approach, discounted cash flow method, sum of parts (SOTP) approach, etc. to arrive at their fair value.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured on fair value on recurring basis (but fair value disclosure are required)

(Rs. in lacs)				
Particulars	See Note	Level	As at March 31, 2024	As at March 31, 2023

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

Particulars	Fair Value (Rs. in lacs)		Basis of valuation	
	As at March 31, 2024	As at March 31, 2023	As at March 31, 2024	As at March 31, 2023
Investment in Equity shares and Preference shares	8,246.99	94,651.84	Based on independent valuation report and inhouse valuation computations carried out by the management based on future projections, land valuations etc. Significant assumptions include discounting rate, liquidity discount rate, weighted average cost of capital and, future obligations / undertaking etc.	

56.2 Financial Risk Management:

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk Management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

56.2(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market conditions. Market risk comprises three types of risk: interest rate risk, credit and default risk and liquidity risk. Financial instruments affected by market risk include investments, loans, trade receivables, borrowings, trade payables and other financial liabilities.

56.2(B) Interest Risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates.

The interest rate profile of the Group's interest bearing financial instruments is as follows:

56.2(C) Credit risk and default risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables, business advances/deposit given) and from its investing activities (primarily loans granted to various parties including related parties).

56.2(C)(1) Trade Receivables

Considering the inherent nature of business of the Group, Customer credit risk is minimal. The group generally does not part away with its assets unless trade receivables are fully realised. Wherever there is doubt on recovery, the group makes adequate provision based on best estimation of recovery. Further, the group has made provision in case receivables are considered doubtful.

Based on prior experience and an assessment of the current economic environment, management believes there is no credit risk provision required, other than those made in the accounts. Also the Company does not have any significant concentration of credit risk.

The ageing of Trade Receivable (Gross) is as follows:

Particulars	As at March 31, 2024	As at March 31, 2023
